13	I love my blackberry, but I'm thinking of getting an iphone.

17	I do not have a "smart phone" --- yet. :)
18	I have both the iPad and an iPhone ... the phone is good for phone calls, and on-the-go checking of calendar and email using 3G ... but the iPad is much better (i.e. size of screen and usability) interface when wi-fi is available.
