

Teachers Make It Happen

Say thank you: Nominate your professor NOW for the 2016 HCC Faculty Association's Teaching Excellence Awards

The HCC Faculty Association wants you to recommend the members of our teaching faculty for the 2015-2016 FAC Teaching Excellence Award. The recommendations should be based on the criteria that focus on the teaching-learning process. Qualities such as knowledge of material, ability to convey information to students, ability to motivate students, and willingness to help and listen to students are most important.

You may nominate as many outstanding candidates as you wish, but each nomination must be on a separate form. Submit as many nominations as you wish.

Include the required information on the website and a short letter of recommendation for your professor. Then get three classmates to write a few sentences in support of your nomination.

Deadline is March 28

To nominate a professor, visit surveymonkey.com/r/nominated
