OTS International , Conroe, Texas Application Engineer • Determined PDC bit selection based on geology, direction, penetration rate and pore pressure control • Liaised with customers for bit planning based on proposed drilling objectives and lithology • Used historical Engineering data to develop new bits and promote the sales of specialized bits • Designed promotional flyers for marketing of bits to sales force and customers • Co-ordinated bit engineering with current drilling operations • Translated company literature from Spanish to English for US customers and in-house staff training	November 2012- May 2013

Field Trainee

- Toured OTS International field location facilities
- Performed bit assessment, component selection, repair and delivery
- Field position as Assistant Bit Runner on Pemex Teotleco 4 oil rig in Chiapas, Mexico
- Assisted Drilling Engineer and Directional Driller on horizontal wells
- In-country office position of Application Engineer

Empirica (formerly The Mudlogging Company), Houston, Texas

August-Nov 2012

Hydrocarbon Analyst

- Detected and quantified formation hydrocarbons and pore pressures
- Communicated well data to on-site workers and office staff
- Calibrated Surface Logging equipment
- Provided Logistical support to field staff and facilities

ITE Pipe Testing Facility, Clausthal, Germany

June- August 2011

Facility Technician/Intern

- Measured pipe geometry (internal, outer diameter, wall thickness, ovality)
- Measured deformed pipes and identified collapse position for Oil, Gas and Geothermal applications
- Reported burst and collapse pipe pressure readings

Texas A&M University, Department of Petroleum Engineering, College Station, TX

June-August 2010

Reserves Estimation Intern

- Completed reserves estimation project using Microsoft Excel to determine reserves volumes
- Analysis of SEC Reserves Filings for 2008 (34 companies, foreign and domestic)
- Reviewed annual reports declared by companies (proved, probable, possible volumes)
- Assessment of reserves of American and foreign oil and gas companies

General Dentist, Trinidad and Tobago

1998-2003

Private and Hospital Practice

- Diagnosis and treatment planning of patients

- Used Excel to create budget estimates

Halliburton Field Camp (Reveille), Oklahoma

2011

Certificate of Completion

- Toured Field Training Facilities in Duncan, Oklahoma
- Toured Fracking, Cementing and Workover sites
- Basic HSE Training and proper use of PPE

MEMBERSHIPS:

Association of Energy Engineers (Scholarship Member)

2011

American Association of Drilling Engineers (AADE)

2011-2013

Society of Petroleum Engineers (SPE)

2008-2012

Society of Hispanic Professional Engineers (SHPE)

2008-2012

Trinidad and Tobago Dental Council

1998-2008

HONORS AND SCHOLARSHIPS :

Association of Energy Engineers (Lone Star Chapter) Scholarship

November 2011

Association of Energy Engineers Scholarship

August 2011

Hess Foundation Academic Scholarship

July 2011

Erasmus Scholarship (European Union)

June 2011

Hess Foundation Academic Scholarship

July 2010

Ronin Partners Scholarship

July 2009

Anadarko Petroleum Corporation Scholarship

July 2008

SKILLS :

Excel, Visual Basic, Microsoft Project, Microsoft Office, CMG, Pason, Microsoft Navision, Microsoft Access
Fluent in English, Advanced in Spanish, Intermediate in German, Beginning French
