Exams:

The student will take **Three** exams throughout the semester. Each exam will cover the lectures, class discussions, and textbook. The class will be broken into three major segments or themes and each theme will address a specific main point that discusses and highlights the events, people, movements, etc in history. These themes or ideas will be emphasized and elaborated on strengthening what role they play in American History as the country evolves politically, socially, economically, and militarily. The students will receive a copy of 4 mini essay questions that stresses certain key areas of history where the student must demonstrate his/her own understanding of the topic and answer the question with thought, information and clarity from their notes, class discussions and textbook. The instructor will choose 2 essay questions before the exam and the student must answer both questions. Each Essay Question is worth 25 points. The student will be given a set of key terms where they be asked to answer 5 questions that will be used on the exams for each segment of history the class covers. The 5 Key Terms on the exam are worth 25 points. A final segment for each exam that must be completed is to have the students identify 5 people that will be covered in class and emphasize how they played a part in US History. The identification section of the exam is worth 25 points. Each exam completes a segment of history and no exam is cumulative. The total points for each exam are 100 points.

Quizzes/Assignments:

Students will take 8 quizzes throughout the semester. They are designed to provide factual material for class discussions and exams. Each quiz will be taken before a major exam. Consult the schedule for more details. **All quizzes must be taken by the date and time specified in the outline.** Any quiz not taken by that day and time will become a zero for the student. **No exceptions allowed.**

United States President Quiz: They will take 2 Presidential Quizzes beginning with George Washington and ending with James Buchanan

United States Map Quiz: They will take 4 State Map Quizzes over the first 36 states.

European Map Quiz: The students will take one European Map Quiz over 12 European Countries.

US Constitution Quiz: The students will take one US Constitution Quiz covering the first 12 Amendments

US Colony Project: The students will be working on and presenting their presentation in class on the assigned dates by themselves over the 13 colonies for a grade. I will grade each presentation and student based on their actual completion and overall finished presentation. The entire project will be worth 100 points in which 50 points will be determined from their research, gathering and putting their final project together and the remaining 50 points will be graded on their overall presentation to the class whereby they must speak and be knowledgeable of their own content and material. Each colony presented reflects on how they all played a part and a better understanding how their colony was founded, made an impact in America's formation and the difference between the original 13 colonies.

The three main things or topics that must be included for each colony: the founder or settlers, the economy, and the religion.

US President Project: The students who didn't present and perform a Colony Presentation will then choose 1 of the first 15 President's and present their findings to the class on the assigned day. This is also a solo presentation as well and must be done and presented in class as a Power

Point Presentation. I will grade each presentation and student based on their actual completion and overall finished presentation. The entire project will be worth 100 points in which 50 points will be determined from their research, gathering and putting their final project together and the remaining 50 points will be graded on their overall presentation to the class whereby they must speak and be knowledgeable of their own content and material. The three things to include in the project are: brief overview of each President's background, their time as President, and their time after serving as President.

Research Paper

The student will select any topic from the 1301 timeline (1270-1865) and research their topic using 1 Primary sources and 2 Secondary sources incorporating into their paper 3 citations from each source they use and find to satisfy the requirements. The length of their research paper will be of 6-7 pages where they will use their sources (citations) wisely as well as their crafting of a paper that highlights their research, writing and analyzing skills fully. No textbook, Wikipedia, Encyclopedia, Websites, etc to be used. Only academic primary and secondary sources to be used.

Font: 12 point, News Roman and double spaced.

Format: The student's name, class, instructor and date is required and placed at the top of the page on the left. The title of the paper will be in the center of the page and Italicized.

Paragraphs: Each paragraph written must be at least 4 to 6 sentences.

Due Date: Last Day of Class before Final

E-Reader Assignment

The student will select any 3 Primary Articles or Documents and 2 Secondary Articles or Documents (the readings or documents within the chapters, not the chapters). Click the chapters and a selection of readings or documents within will appear under each chapter you select from the actual Online E-Reader itself and complete the assignment by reading, writing, thinking and typing it up. Each paragraph (4) will be worth 5 points making each reading worth 20 points and the total points for all 5 readings will be 100 points. The format to use and follow is as follows: 12 Point Font, Times New Roman, Double Spaced

The upper left hand side of the document should contain the following information:

Name

Class

Instructor

Date

Title of the Reading centered and Italicized.

Each of the responses to the 5 the student will select and complete will be the same throughout. There will be 4 paragraphs done for each of the selected 5 readings.

The First Paragraph will consist or contain the actual student's reading and summation of the selected document or reader. The student should focus on what the document or the selected reading emphasizes or concentrates on that deals with the actual important summation in its scope.

The Second Paragraph will have the student focus and concentrate on the main point of the selected reading. This is not a repeat of the first paragraph and will be graded entirely upon the student's ability to really focus on the main point or level of understanding of deriving and analyzing the readings main point.

The Third Paragraph will next require the students to really concentrate on the overall impact from the main point of the selected readings place and significance in history during the period in which the readings are addressing. Again, the student should not repeat themselves and assume that it is like the first and second paragraph and recycle their answer. This demands that the student to concentrate and write up the overall impact the main point has or plays on the topic from the selected readings.

The Fourth Paragraph should only deal with the overall importance from the main point from the selected readings that the student has chosen. I will expect and require that the students to stay away from repeating themselves from the previous 3 paragraphs, but instead focus on the importance the main topic or point is stressing as it relates to history that the reading is covering or addressing.
