## **Course Requirements:**

The basic intellectual competencies for core courses include reading, writing, speaking, listening, critical thinking, and computer literacy.

## **Assignments:**

#### **Exams:**

The student will take **Three** exams throughout the semester. Each exam will cover the lectures, class discussions, and textbook. The class will be broken into three major segments or themes and each theme will address a specific main point that discusses and highlights the events, people, movements, etc in history. These themes or ideas will be emphasized and elaborated on strengthening what role they play in American History as the country evolves politically, socially, economically, and militarily. The students will receive a copy of 4 mini essay questions that stresses certain key areas of history where the student must demonstrate his/her own understanding of the topic and answer the question with thought, information and clarity from their notes, class discussions and textbook. The instructor will choose 2 essay questions before the exam and the student must answer both questions. Each Essay Question is worth 25 points. The student will be given a set of key terms where they be asked to answer 5 questions that will be used on the exams for each segment of history the class covers. The 5 Key Terms on the exam are worth 25 points. A final segment for each exam that must be completed is to have the students identify 5 people that will be covered in class and emphasize how they played a part in US History. The identification section of the exam is worth 25 points. Each exam completes a segment of history and no exam is cumulative. The total points for each exam are 100 points.

### **Quizzes/Assignments:**

Students will take 8 quizzes throughout the semester. They are designed to provide factual material for class discussions and exams. Each quiz will be taken before a major exam. Consult the schedule for more details. **All quizzes must be taken by the date and time specified in the outline.** Any quiz not taken by that day and time will become a zero for the student. **No exceptions allowed.** 

**United States President Quiz:** They will take 2 Presidential Quizzes beginning with George Washington and ending with James Buchanan

**United States Map Quiz:** They will take 4 State Map Quizzes over the first 36 states.

European Map Quiz: The students will take one European Map Quiz over 12 European Countries.

US Constitution Quiz: The students will take one US Constitution Quiz covering the first 12 Amendments

**US Colony Project**: The students will be working on and presenting their presentation in class on the assigned dates by themselves over the 13 colonies for a grade. I will grade each presentation and student based on their actual completion and overall finished presentation. The entire project will be worth 100 points in which 50 points will be determined from their research, gathering and putting their final project together and the remaining 50 points will be graded on their overall presentation to the class whereby they must speak and be knowledgeable of their own content and material. Each colony presented reflects on how they all played a part and a better understanding how their colony was founded, made an impact in America's formation and the difference between the original 13 colonies.

The three main things or topics that must be included for each colony: the founder or settlers, the economy, and the religion.

**No Late Work Accepted** 

**US President Project:** The students who didn't present and perform a Colony Presentation will then choose 1 of the first 15 President's and present their findings to the class on the assigned day. This is also a solo presentation as well and must be done and presented in class as a Power Point Presentation. I will grade each presentation and student based on their actual completion and overall finished presentation. The entire project will be worth 100 points in which 50 points will be determined from their research, gathering and putting their final project together and the remaining 50 points will be graded on their overall presentation to the class whereby they must speak and be knowledgeable of their own content and material. The three things to include in the project are: brief overview of each President's background, their time as President, and their time after serving as President.

### Research Paper

The following is a guideline on how to prepare and construct a research paper with the allotted points at stake if the student fails to comply with the procedures. Given are the due dates, how and where to turn them and what is expected in a timely manner before the final research paper draft or copy is completed and turned in on April 21, 2017. The points that could be deducted all count for the overall grade of the paper which constitutes a 100.

## Topic:

The research paper topic must be turned in via black board by February 17, 2017 at 11:00 pm. Failure to submit a topic will resort in a 5 point deduction and the student can submit it after the date on turnitin.com in a separate entry, but will not receive the 5 points.

### Sources:

The student must also research and gather supporting academic materials that are deemed appropriate and can be used in the paper by going to the library and using the online library search tools provided by the college. There must be ONE primary source used and TWO Secondary sources used in the paper and turned in to the turnitin.com on the dates they are due on for 5 points each (Primary = 5 points, Secondary = 5 points each which equates to 10 points). The due date for the sources will be set and emphasized in this guide and in the class repeatedly. There will be three entries on the turnitin.com for the ONE primary source, 1 for the first secondary source, and 1 for the second secondary source. The due date for all three will be March 24, 2017 at 11:00 pm. Again, failure to submit these in on the schedule time and date will resort in points deducted totally 15 possible points. If the student fails to turn them by the due date of March 24, they can submit in late in a late entry but not be awarded the points.

### Usage of Sources:

The student must use all three sources that he/she has submitted on turnitin.com that are planning to use throughout the paper. If the student changes their mind after submitting the sources on turnitin.com, then they can incorporate the new sources, but discard the old sources they plan on not using. Each source used in the paper must be used THREE (3) times in its proper usage and citations. Failure to cite and use each of source 3 times will resort in a 5 point deduction.

### Citation of sources:

The student can either MLA/Chicago format. Once a student uses a source properly in the paper they have to cite it correctly to prevent any form of plagiarism. I will accept any of the three proper usages and methods. Footnote, endnote, and the parenthesis with author last name and comma with page number from source. I will provide in class an example throughout the semester on what each looks like to help the student out to do it correctly.

# **Research Paper**

The student will select any topic from the 1301 timeline (1270-1865) and research their topic using 1 Primary sources and 2 Secondary sources incorporating into their paper 3 citations from each source they use and find to satisfy the requirements. The length of their research paper will be of 6-7 pages where they will use their sources (citations) wisely as well as their crafting of a paper that highlights their research, writing and analyzing skills fully. No textbook, Wikipedia, Encyclopedia, Websites, etc to be used. Only academic primary and secondary sources to be used.

**Font:** 12 point, News Roman and double spaced.

**Format:** The student's name, class, instructor and date is required and placed at the top of the page on the left. The title of the paper will be in the center of the page and Italicized.

**Paragraphs:** Each paragraph written must be at least 4 to 6 sentences.

Due Date: April 21, 2017 No Late Work Accepted

### E-Reader

The student must acquire, gain access to, read, type up and turn in a series of E-Reader assignments that correlates to the documents that are required for their grade this semester. This assignment will demonstrate just how well they can select and differentiate between a primary and secondary source, but also illustrate how they can think analytically regarding to the document and its place in history to comprehend better that relationship.

### **Primary Source**

The student once acquiring and gaining access to these E-Reader documents will then chose 3 Primary sources from the documents and proceed to fulfil or complete the assignment as found in the syllabus by typing up their response and submitting it to the website turnitin.com (every 2 weeks) as scheduled in the syllabus. The first 3 submissions must be Primary related, and if the assignment is late or the

deadline has passed, the student will be deducted 20 points. No late work accepted. Each Primary entry is worth 20 points.

# **Secondary Source**

The student once acquiring and gaining access to these E-Reader documents will then chose 2 Secondary sources from the documents and proceed to fulfil or complete the assignment as found in the syllabus by typing up their response and submitting it to the website turnitin.com (every 2 weeks) as scheduled in the syllabus. The last 2 submissions must be Secondary related, and if the assignment is late or the deadline has passed, the student will be deducted 20 points. No late work accepted. Each Secondary entry is worth 20 points.

### E-Reader Assignment

The student will select any 3 Primary Articles or Documents and 2 Secondary Articles or Documents (the readings or documents within the chapters, not the chapters). Click the chapters and a selection of readings or documents within will appear under each chapter you select from the actual Online E-Reader itself and complete the assignment by reading, writing, thinking and typing it up. Each paragraph (4) will be worth 5 points making each reading worth 20 points and the total points for all 5 readings will be 100 points. The format to use and follow is as follows: 12 Point Font, Times New Roman, Double Spaced

The upper left hand side of the document should contain the following informati	on:
Name	
Class	

Instructor

Date

Title of the Reading centered and Italicized.

Each of the responses to the 5 the student will select and complete will be the same throughout. There will be 4 paragraphs done for each of the selected 5 readings.

The First Paragraph will consist or contain the actual student's reading and summation of the selected document or reader. The student should focus on what the document or the selected reading emphasizes or concentrates on that deals with the actual important summation in its scope.

**The Second Paragraph** will have the student focus and concentrate on the main point of the selected reading. This is not a repeat of the first paragraph and will be graded entirely upon the student's ability to really focus on the main point or level of understanding of deriving and analyzing the readings main point.

**The Third Paragraph** will next require the students to really concentrate on the overall impact from the main point of the selected readings place and significance in history during the period in which the readings are addressing. Again, the student should not repeat themselves and assume that it is like the first and second paragraph and recycle their answer. This demands that the student to concentrate and write up the overall impact the main point has or plays on the topic from the selected readings.

**The Fourth Paragraph** should only deal with the overall importance from the main point from the selected readings that the student has chosen. I will expect and require that the students to stay away from repeating themselves from the previous 3 paragraphs, but instead focus on the importance the main topic or point is stressing as it relates to history that the reading is covering or addressing.

No Late Work Accepted

**Plagiarism** is unacceptable for any reason. Plagiarism means the use of someone else's words or ideas without attribution. Examples of plagiarism include, but not limited to, directly copying material from a book or textbook either with or without attribution, cutting and pasting material from online sources including sparknotes.com and Encarta.com, and/or purchasing or downloading papers from internet sites. Students who plagiarize on papers or exams will suffer harsh penalties. The penalty will be decided by the professor in keeping with the HCC guidelines. **Penalties will begin with a zero for the assignment.** 

No excuses for plagiarism will be accepted at any time.

- 3. A **third occurrence** of the activity will result in the student being sent to the appropriate academic dean and potentially dropped from the class.

## **Make-up Exams:**

All make-up exams will be given on the day of the final exam. You will take the make up exam after taking the final exam during the scheduled final exam period.

## Cell phones and beepers:

The anonymous results of the survey will be made available to your professors and division chairs for continual improvement of instruction. Look for the survey as part of the Houston Community College Student System online near the end of the term.
