**\* Class Meeting Times & Room \***

This is a lecture-based course that is an Online Course (so, you are to come and go into the Eagle Online Classroom as much as you feel necessary). Additionally, you might be required to come into a designated HCC testing center for presentational purposes (you may only be required to be present during one testing session where you will give a presentation). This will be discussed during the semester. Those unable to make this presentational session must make arrangements with the instructor prior to the testing date (*advice --- it would be in your best interests to be present during this date*). Also, see the [Attendance Policy](#) below.

It is imperative that you read through the **Introductory Materials Section** (which will also be the first section available for you to view and open) inside the home page of the class, because this section will address important deadline information. If you neglect to go through this section, you will miss something in this class that needs to be turned in or a time that it needs to be turned in by. No extensions will be granted after designated deadline in this section or indicated by the instructor.

### **\* Core Objectives (formerly Core Curriculum Objectives) \***

Given the rapid evolution of necessary knowledge and skills and the need to take into account global, national, state, and local cultures, the core curriculum must ensure that students will develop the essential knowledge and skills they need to be successful in college, in a career, in their communities, and in life. Through the Texas Core Curriculum, students will gain a foundation of knowledge of human cultures and the physical and natural world, develop principles of personal and social responsibility for living in a diverse world, and advance intellectual and practical skills that are essential for all learning.

Students enrolled in this core curriculum course will complete a discussion topic or case study designed to cultivate the following core objectives:

- ♦ *Critical Thinking Skills*—to include creative thinking, innovation, inquiry, and analysis, evaluation and synthesis of information
- ♦ *Communication Skills*—to include effective development, interpretation and expression of ideas through written, oral and visual communication
- ♦ *Personal Responsibility*—to include the ability to connect choices, actions, and consequences to ethical decision-making
- ♦ *Teamwork* —to include the ability to consider different points of view and to work effectively with others to support a shared purpose or goal
- ♦ *Social Responsibility* —to include intercultural competency, knowledge of civic responsibility, and the ability to engage effectively in regional, national, and global communities

Student proficiency in Communication Skills will be assessed as a formal written out-of-class essay, which is at least 3 pages long and which includes an oral presentation component as well as a visual component. Student proficiency in Critical Thinking will be assessed by a formal out-of-class essay assignment. Personal, Social Responsibility, and Teamwork will be assessed as part of long unit or major essay assignment, which will include assigned reading responses, pre-writing activities, multiple drafts, and group activities (such as peer review or group presentations). Student project grades will account for at least 5% of the final course grade.

### **\* Required Text \***

**Media and Culture** (*Most Current Edition*) by Richard Campbell, Christopher Martin, & Bettina Fabos

It is a somewhat expensive book (sorry folks), but it is a necessity. The reason is because not everything on the exams will be strictly from lectures; that is, some aspects of a chapter could be from your reading and not from the lectures. If you have not already purchased your book, you may order your textbook from the HCC Bookstore online at

<http://hccs.bncollege.com/webapp/wcs/stores/servlet/BNCBHomePage?storeId=19561&catalogId=10001&langId=-1>. You can ask for it to be sent to your nearest campus bookstore at no charge, or you can have it mailed to your home with a mailing fee.

[Click here to go back to the top of the page.](#)

### **\* Grading & Assignments \***

Assignments and exams will be graded on a 100-point scale: 100-90 = 'A' (four points per semester hour); 89-80 = 'B' (three points per semester hour); 79-70 = 'C' (two points per semester hour); 69-60 = 'D' (one point per semester hour); 59 and below = 'F' (zero points per semester hour). Other potential postings include the following: W (Withdrawn, which equals zero points per semester hour); I (Incomplete, which equals zero points per semester hour); and AUD (Audit, which equals zero points per semester hour). To compute grade point average (GPA), divide the total grade points by the total number of semester hours attempted. The grades "IP," "COM" and "I" do not affect GPA. The final grade will be determined based upon the following:

* Discussion Forums & Semester Assignments	35 %
* Quizzes	30 %
* Exam(s)	20 %
* Media Presentation	15 %

**Quick Note** – All semester assignments, discussion forums, and media logs begin with the grade of a 95 %; a grade more than 95 % will be reserved for those who go above and beyond the call of the assignment's instructions (*this higher grade [or a grade more than 95 %] will be assigned at the instructor's discretion*).

**Discussion Forums & Semester Assignments** – As you probably have noted, the forums and the assignments carry the biggest weight as far as the grading percentages are concerned. These are generally fairly straightforward tasks. Follow the directions, and you'll be fine. However, if you do not turn in even one of these tasks, it can reduce your grade an entire letter grade. So, be thorough and careful when navigating through the course and make absolute certain that you have completed all of the necessary tasks.

**Discussion Forums** – Once each discussion forum topic is posted, it will remain online for the duration of the semester (**or the designated deadline specified by your instructor**). You will be given a statement, thought, or opinion (this is the discussion forum topic); and, from that, you will be required to respond with your own idea or opinion (that is, your "*best educated guess*" or "*best thoughtful insight*"). An example topic for the discussion forum could be: "**The media have much control and influence in our society and our lives.**" With this example in mind, you would offer your own idea as a response. Your grade from the discussion forum will be based from the following:

*Proficient = 95 % or 'A'* --- To receive a proficient grade during each discussion forum, you must deliver a thought and/or **individual** insight (in other words, your own idea and not someone else's) and provide some kind of backup information supporting your claim. Here is a potential 'A' student response to the example topic mentioned above:

**Example** – "**I agree with the statement, because when the media give us a suggestion we do what they tell us to. For example, when Hurricane Rita came everyone left the city of Houston (due to a suggestion by city officials and the media).**"

Each student's response should be different and unique. You are encouraged to elaborate on another student's ideas (remember, everyone will be posting a response in a

discussion format). For instance, to elaborate on the response above, you could say, ***"I agree as well. I drove from Houston to San Antonio because the news made it seem like I absolutely had to get out of Houston."***

'Gimme-Grade' or 'Free-'B'' = 85 % or 'B' --- To receive a 'Free-'B" grade, you must make some kind of statement or posting. Here's a discussion forum example:

**Example – "I agree with what Jane Doe said."**

This might seem easy, but it is incentive to give some kind of statement to get some credit.

No Response = 0 % or 'F' --- If you do not respond to the discussion forum topic during the assigned week, you will receive 0 % as a grade. There is no exception for this; so, either you make the response or you don't. The discussion forum is your chance to very easily score highly and get some easy points for your final grade. Don't wait to the last minute; get your discussions out of the way each week so you do not have to face a potential 'No Response' grade.

**Semester Assignments** – Instructions for these tasks will be given and discussed during the semester. It is extremely important that you follow directions for these assignments. The instructions for each assignment will help you through it, which will be available to you inside the course.

**Exams** – When available or viewable, each exam will remain online for the duration of the semester **(or the designated deadline specified by your instructor)**. In most cases, there is a final and possibly a midterm. There are some instances in which the media presentation may take the place of the exam average. This has been done in the past to help the students focus on this presentation to place more importance on it (if this is done, you will be notified with further instructions).

**Quizzes** – You will be given Chapter Post Quizzes following every chapter; these quizzes will remain online for the entire semester **(or the designated deadline specified by your instructor)**, but it is highly recommended that you take the quiz as soon as you can after it has been posted (in other words, do not wait until the last minute to do all of your quizzes).

**Media Presentation** – Instructions for this task will be given and discussed during the semester.

### **\* HCC Course Withdrawal Policy \***

The State of Texas imposes penalties on students who drop courses excessively. Students are limited to no more than SIX total course withdrawals throughout their educational career at a Texas public college or university.

To help students avoid having to drop/withdraw from any class, HCC has instituted an Early Alert process by which your professor will “alert” you and Distance Education (DE) counselors that you might fail a class because of excessive absences and/or poor academic performance. Contact your DE professor regarding your academic performance or a DE counselor to learn about helpful HCC resources (e.g. online tutoring, child care, financial aid, job placement, etc.).

**In order to withdraw from your DE class, you MUST first contact your DE professor, PRIOR to the withdrawal deadline to receive a “W” on your transcript.** After the withdrawal deadline has passed, you will receive the grade that you would have earned. Zeros averaged in for required coursework not submitted will lower your semester average significantly, most likely resulting in a failing grade of an “F”. It is the responsibility of the student to withdraw from the class; however, your professor reserves the right to withdraw you without your request due to excessive absences (DO NOT EXPECT FOR THIS TO BE DONE FOR YOU—since, this is a self-paced course, it is difficult for the instructor to determine whether or not a student is still actively participating in the course or wishes to continue in the course). If you do not feel comfortable contacting your professor to withdraw, you may contact a DE counselor. However, please do **not** contact both a DE counselor and your DE professor to request a withdrawal; either one is sufficient.

**The final withdrawal deadline for each term can be found under the calendar which is on the [HCC Home Page](#). If you click on [Academic Calendar](#) and select the term you are currently enrolled in, you will be able to find exactly when the withdrawal deadline is for the semester (and various other important dates as well).** Classes of various durations (regular term, second start, mini-term, flex-entry, 8-weeks, etc.) may all have different final withdrawal deadlines. Please review HCC’s online [Academic Calendar](#) or contact the HCC Registrar’s Office at 713.718.8500 to determine mini-term class withdrawal deadlines.

As with on-campus classes, all students in HCC Distance Education courses are required to follow all HCC Policies & Procedures, the Student Code of Conduct, the Student Handbook, and relevant sections of the Texas Education Code when interacting and communicating in a virtual classroom with faculty and fellow students. Students who violate these policies and guidelines will be subject to disciplinary action that could include denial of access to course-related email, discussion groups, and chat rooms or being removed from the class.
