Read each essay and write one or two pages summarizing the reading and responding to it. I want you to state the author’s argument and comment upon how well he sustains it. If it is a legal document or official description of something, discuss its significance. When the reading is composed of several short articles on one subject, summarize each of them and draw a conclusion based upon the group.

**ASSIGNMENT 4; DUE DEC 9 THE DAY OF THE FINAL**, is the synopsis of *Killer Angels*. This should be 500-700 word essay summarizing the book and responding to certain aspects of it such as the interplay between some of the characters. You need to have a thesis concerning the book that you develop in your essay. Here is the model outline:

- I. Introduction, including thesis. 1-3 paragraphs
- II. Main Points (body), several paragraphs
- III. Conclusion (1 paragraph): The conclusion should flow from the main points and reinforce the thesis.

Required statement from the Faculty Senate

At Houston Community College, professors believe that thoughtful student feedback is necessary to improve teaching and learning. During a designated time, you will be asked to answer a short online survey of research-based questions related to instruction. The anonymous results of the survey will be made available to your professors and division chairs for continual improvement of instruction. Look for the survey as part of the Houston Community College Student System online near the end of the term.
