Here is your first assignment:

1. Log in to Eagle Online: https://eagleonline.hccs.edu/
2. Explore around a bit, acquaint yourself with the layout.
3. Go to "Account" (on the left navigation menu) and customize your account settings. Set your profile picture and add whatever other personal touches you want.
4. Go to "Notifications" and customize your notification settings to receive mobile and email updates about the class.
5. Finally, go to either the "Modules," "Discussions" or "Assignments" tab, and find the "First Assignment" Discussion. Post a question for me there. It can be a question about the class, the syllabus, the website, myself, or anything else you want. You may also respond to your classmates' questions if you wish.

This assignment must be completed by **midnight on Friday 8/30** to receive full credit. This is basically a freebie grade, so make sure you do it. Email me right away if you have trouble with anything! :-)
