What's Exciting About This Course

The Department of English helps students find and develop their authentic voices, establish political power, and create social capital. We teach critical thinking, close reading, and analysis. We coach students on the rhetoric of messaging with consideration of purpose and audience. We support them as they craft their own narratives. We turn thoughts into words, ideas into interpretations, ambiguity into translation, and silence into voice

Program-Specific Student Success Information

As with any three-hour course, expect to spend *at least six hours per week* outside of class reading and studying the material. I will provide assignments to help you use those six hours per week wisely. Additional time will be required for written assignments. Successful completion of this course requires a combination of reading the textbook, attending class, completing assignments in Eagle Online, and participating in class discussions. There is no short cut for success in this course; it requires reading (and probably re-reading) and studying the material using the course objectives as your guide.

Instructional Materials and Resources

Instructional Materials

All materials for this course are provided in Canvas, either files or web addresses, for free online. There is nothing students will need to purchase to be successful.

✓ Course Requirements

It is essential that every student have the time to complete each assignment in the course and the tools to work online: a computer and internet access. The lack of any of these three will not allow a student to meet the course requirements. Time must also be allowed for reading assigned materials prior to submitting assignments as well as time to work with the college online tutors. Not having sufficient time, a computer or internet access cannot be overcome. Students are encouraged to plan wisely to meet these requirements.

* Instructor's Practices and Procedures

Incomplete Policy

In order to receive a grade of Incomplete ("I"), a student must have completed at least 85% of the work in the course in these two categories: essays and quizzes. In all cases, the instructor reserves the right to decline a student's request to receive a grade of Incomplete.

Missed Assignments/Make-Up Policy

Students are always expected to be professional and courteous. A part of being professional includes practicing good time management, a key trait for success in college and in the professional world.

Good time management means that all assignments are to be submitted for grading before the deadlines posted. This course is not work at your own pace; there are due dates for every assignment. Students can submit work ahead of due dates. However, when or if late work is accepted, ten points will be deducted per day the assignment is late.

Every assignment in the course is listed and open. This means students can work ahead of all deadlines to fit their schedules. By working ahead of the deadlines, students are practicing good time management.

Students who are not submitting work or earning enough grades to pass the course can be dropped at any time at the discretion of the instructor and the Registrar with a W and after the drop deadline a FX.

Academic Integrity

Students who submit work that is written by someone other than themselves is considered plagiarism and is assigned a zero. There is not make up or rewrites for submitting someone else's work.

The exception is if the student is submitting a research paper and puts all copied work in quotation marks and cites the author for the copied work and provides a web address when I can review this source. A works cited page is also required using MLA style. If a student does not know how to use sources and cite them, this course will teach them how to do this.

The website, https://owl.purdue.edu/owl/purdue_owl.html (https://owl.purdue.edu/owl/purdue_owl.html), covers MLA style and working with sources. Most students find this free website very helpful

(<https://www.hccs.edu/about-hcc/procedures/student-rights-policies--procedures/student-procedures/>)

Attendance Procedures

Attendance for this course is determined by the student's participation, which is submitting assignments before their due dates. Only logging onto the course is not considered being in attendance and participating.

Student Conduct

Students are always expected to be professional and courteous.

Instructor's Course-Specific Information

My goal for this course is that every student is successful. I will work towards this goal in a variety of ways: grading and providing feedback in a timely fashion for each essay; encouraging students to work with our free online tutors; answer emails the same day I receive them (unless the email is sent to me late at night, then I will answer it the next day); and ,maintain a positive learning environment in the course.

Devices

The online course requires students have access to a computer and internet service. All students are asked to be sure to have back up plans for both since we all know that our computer can just stop working and we can lose our internet access at the worst time possible. This means finding another computer you can use if needed (maybe a friend's, a family member's, and so forth. Back internet plans can be connecting your computer to your cell phone service, going to Starbucks or McDonald's and using theirs, sometimes a neighbor will let you use their internet to help you. In addition, most cell phones can download the Canvas App for free and log onto HCC using the internet search on your cell phone. Having plans ahead of time and submitting work early and prevent being left out of the course because of technical problems that can arise for all of us.

Faculty-Specific Information Regarding Canvas

This course section will use Canvas (<https://eagleonline.hccs.edu> (<https://eagleonline.hccs.edu>)) to supplement in-class assignments, exams, and activities.

HCCS Open Lab locations may be used to access the Internet and Canvas. For best performance, Canvas should be used on the current or first previous major release of Chrome, Firefox, Edge, or Safari. Because it's built using web standards, Canvas runs on Windows, Mac, Linux, iOS, Android, or any other device with a modern web browser.

Canvas only requires an operating system that can run the latest compatible web browsers. Your computer operating system should be kept up to date with the latest recommended security updates and upgrades.

Faculty Statement about Student Success

Student success is very important for the college, the administrators, the staff, and the faculty as well as for the student. Each group is in place to ensure our students can not only be successful but are successful. Like all other team work, it takes every member of the team to achieve their goal and student success is the same. The college and all its entities must have the student on board on the team. Without the student working with the college groups, student success is not assured. As such, everyone at the college will work as hard as they can, but they need the student to do the same. What does this mean? Every student must plan to devote as much time as needed to their studies and allow the professors, tutors, librarians, counselors, financial offices, the Registrar to help them. The student must work with the college. for my part, I provide the materials and assignments for the student to meet the requirements of the course and will offer advice such as using good time management skills, working with the tutors, contacting me with questions and concerns. My goal is for my students to be successful and I need them to commit to creating the time they need to complete the course successfully. This includes having time to read, take quizzes, write essays, work with the tutors, in a timely manner to submit all work prior to all due dates and times. Not having time or planning to have time is the major obstacle to student success. I encourage every student to plan their schedules to ensure they have the time needed to do well.
