### My Personal Welcome

Welcome to Introduction to Ethics! Ethics is the branch of Philosophy that engages in a systematic study of morality. We are faced with moral choices collectively when we struggle with questions of social justice, economic justice, public safety, climate change, the environment, genetic engineering, and a host of others. We also face moral choices about how to treat one another individually. In this class we will learn how to reason critically and apply this ability to some of the most important choices we will make. We will learn to how to engage with others with viewpoints on these issues that are different from our own in a collaborative and constructive way. I am excited to get started and hope not only to help you learn, but to learn from you.

### Preferred Method of Contact

Please contact me with questions or concerns via the Canvas Inbox email or at [jason.jenson@hccs.edu](mailto:jason.jenson@hccs.edu). I will respond to emails within 24 hours Monday through Friday; I will reply to weekend messages on Monday mornings.

- Facilitate an effective learning environment through learner-centered instructional techniques
- Provide a description of any special projects or assignments
- Inform students of policies such as attendance, withdrawal, tardiness, and making up assignments

- Complete the required assignments and exams
- Ask for help when there is a question or problem
- Keep copies of all assignments, this syllabus, handouts
- Be aware of and comply with academic honesty policies in the [HCCS Student Handbook](#)

### Program-Specific Student Success Information

Attendance, preparedness, participation, and communication are essential for your success in this course. Preparedness and participation include carefully engaging with course material and assignments during course hours and on your own time.

Attendance and communication with your instructor and your peers are vital. All of the above will ensure your growth in our community of learners where knowledge and skills are achieved through a process of mutual responsibility and involvement.

## Academic Integrity

A student who is [academically dishonest](#) is, by definition, not showing that the coursework has been learned, and that student is claiming an advantage not available to other students. The instructor is responsible for measuring each student's individual achievements and also for ensuring that all students participate on a level playing field. Thus, in our system, the instructor has teaching, grading, and enforcing roles. You are expected to be familiar with HCC's policy on [Academic Honesty](#). What that means is that if you are charged with an offense, pleading ignorance of the rules will not help you. To be clear, plagiarism (using another's ideas or words without giving credit), collusion (unauthorized collaboration with another person in preparing written work offered for credit), and other forms of cheating will not be tolerated.

Students guilty of [academic dishonesty](#) may be given a grade of "F" or "0" for the particular assignment involved, assigned a failing grade in the course for repeated offenses, and/or referred to the Dean of Student Services for further disciplinary action. In extreme cases or for repeated violations, guilty students are recommended for probation or dismissal from the College.

## Attendance Policy

HCC Policy is that you can miss up to but not exceed 12.5% of class hours, which is equivalent to 6 hours in this course. If you have not attended class before the official date of record, you will be automatically withdrawn from the course by the registrar. Students who are withdrawn for nonattendance will not be reinstated. Although it is your responsibility to withdraw from a course, the instructor has the authority to withdraw you for excessive absences. You may be withdrawn from a course after accumulating absences in excess of 12.5 percent of the total hours of instruction (6 hours for this course).

You are absent when you:

**Online Anytime Courses (WW)** - Fail to actively participate (including failure to submit assignments).

**Online on a Schedule Courses (WS)** – Fail to log in during your scheduled class time and/or fail to actively participate (including failure to submit assignments). Excessive tardies and leaving class early may count towards your allotted absences.

**In Person Courses (P)** – Fail to attend class. Excessive tardies and leaving class early may count towards your allotted absences.

**Hybrid Courses (HY)** – Fail to log in and actively participate during your scheduled class time and/or fail to attend your in-person class session. Excessive tardies and leaving class early may count towards your allotted absences.

## Incomplete Policy

In order to be considered for a grade of Incomplete ("I"), a student must have completed at least 75% of the coursework with a passing grade. It is the responsibility of the student to make arrangements with the instructor and to submit requisite work to complete the course and be assigned a grade. Student and instructor should execute a statement of work to be completed. A grade of Incomplete which has not been made up after six months from the end of the term in which the "I" was assigned will be converted to an "F." In all cases, the instructor reserves the right to decline a student's request to receive a grade of Incomplete.

## Instructional Materials and Resources

### Instructional Materials

The [HCC Online Bookstore \(https://hccs.bncollege.com/shop/hccs-central/page/find-textbooks\)](https://hccs.bncollege.com/shop/hccs-central/page/find-textbooks) provides searchable information on textbooks for all courses. Check with your instructor before purchasing textbooks because the book might be included in your course fees.

Having a copy of the text is vital for success in this class. Many assignments require information specifically from this textbook.

### Ethical Choices: An Introduction to Moral Philosophy With Cases

**Publisher:** Oxford University Press

**Edition:** 2nd

## ✓ Course Requirements

### Assignments, Exams, and Activities

Type	Weight	Topic	Notes
Writing Assignments, Discussions, and Quizzes	95%		<p><b>Writing assignments</b> ask you to construct an argument, write a few paragraphs on an assigned activity, such as watching a YouTube, listening to a podcast, doing logic puzzles, or taking interactive quizzes. In addition, you will be assigned short writing assignments that ask you to analyze an ethical case in terms of the moral theories we learn. All instructions are found in ASSIGNMENTS on Canvas. (NOTE: Canvas time stamps your submissions. Do not wait until the last minute. Give yourself plenty of time to make sure your assignment is submitted properly so that the time stamp shows that you have completed the assignment on time.)</p> <p><b>Discussion assignments</b> require writing a short post, usually 1 page or less. Discussions will typically ask you to construct an argument in favor of a philosophical position and to anticipate possible objections. In addition, discussion assignments require two comments on your classmate's posts.</p> <p>All <b>quizzes</b> are online, via the Canvas course. Quizzes include multiple-choice, multiple-select, true-false, and short answer questions. Multiple-choice, multiple-select, and true-false questions are automatically graded by Canvas. Short answer questions are graded by hand by your instructor. Final scores are not available until all questions are graded. Quizzes labeled "reading quiz" will generally be due 1 minute prior to the class session for which the reading was assigned</p>
Participation	5%		Attendance is vital. There will be a variety of in-class activities. These may be in the form of break-out sessions for debate or discussion, live quizzes, and others to be determined by Professor Jenson. Some of these activities may include completion of a shared worksheet individually or through a shared google docs or Microsoft Word document.
Final Exam	NA		There is no comprehensive final exam. Instead, the final assignment will be a written assignment that applies what we have learned to an ethical case study.
Extra Credit	1%		1% Extra Credit on your overall course grade if 70% of the class participates in the EGLS3 survey that takes place toward the end of the semester.

### Grading Formula

Grade	Range	Notes
A	Excellent (90-100)	
B	Good (80-89)	
C	Fair (70-79)	
D	Passing (60-69), some scholarships and programs require a C for a passing	
F	Failing (59 and below)	

## \* Instructor's Practices and Procedures

### Missed Assignments/Make-Up Policy

Assignments may be submitted late for 10% grade penalty up to four weeks after the original due date or the last day of instruction whichever comes first. No assignments will be accepted after the late period. Late assignments may not receive detailed feedback.

Please email your instructor with emergencies that prohibit your completion of assignments. Assignments missed due to emergencies must be documented and can be turned in up to the last day of instruction without penalty.

## Academic Integrity
