

## JOSE “TONY” DAVILA

Tony Davila has served Houston Community College for over 20 years, beginning as a paid A/V and programmer intern, then progressing to a programmer/analyst, a programmer/analyst II and currently serves as Senior Multimedia Developer for the Teaching and Learning Resources Department (TLR). He was honored when awarded a stipend from the HCCS Title V Grant for class development of “When Technology Fails” and “Creating A/V Presentations” for the Curriculum Development Program as one of the models for the HCC Technology Certification. Tony has instructed a series of technology courses at MTI, HCC Southwest and North Harris Montgomery Community College as a part-time faculty member. He has also worked one-on-one with faculty to design learning objectives that use technology to enhance the effectiveness of their courses in relation to the IMC’s Faculty Fellowship Program.
