Academic Integrity

Here's the link to the HCC information about academic integrity (Scholastic Dishonesty and Violation of Academic Scholastic Dishonesty and Grievance):

Attendance Procedures

It is imperative that you attend class in order to be successful. You are expected to attend all scheduled classes. Although *it is your responsibility to drop a course for nonattendance*, the instructor has the authority to drop you for excessive absences. You may be dropped from a course prior to the college drop deadline (see academic calendar) once you accumulate absences in excess of 12.5 percent of the total hours of instruction (lecture and lab). For a 3 credit hour lecture class meeting 3 hours per week (48 hours of instruction), you can be dropped after 6 hours of absence (after missing more than 3 classes). The 6 hours includes accumulated minutes for arriving late to class and leaving class early and lab time missed. In an online class, the equivalent would be failing to turn in assignments for two weeks.

Student Conduct

Students are expected to maintain a cooperative and collaborative learning environment. Disrespect of others and unnecessary distractions in the learning environment will not be tolerated.

Instructor's Course-Specific Information

Please see the general course policies.

Devices

It is everyone's responsibility to monitor the use of electronic devices in a respectful manner. Devices that prove to be distracting will not be permitted.

Faculty Statement about Student Success

Students who take this class seriously from the start of the semester usually make the best grades. Work hard to make an A on the first assignment and maintain your A throughout the semester.

Faculty-Specific Information Regarding Canvas

Every section of EDUC 1300 uses Canvas (<https://eagleonline.hccs.edu>) to supplement in-class assignments, exams, and activities. In most cases, you will be required to submit assignments both online and in class. Please always be aware of the desired form of submission for each assignment. I will also help to be sure you are aware. You will discover that you have student examples for each major assignment. Review these examples to ensure you are submitting your assignments correctly and that you are meeting the expectations for each assignment.

HCCS Open Lab locations may be used to access the Internet and Canvas. For best performance, Canvas should be used on the current or first previous major release of Chrome, Firefox, Edge, or Safari. Because it's built using web standards, Canvas runs on Windows, Mac, Linux, iOS, Android, or any other device with a modern web browser.

Canvas only requires an operating system that can run the latest compatible web browsers. Your computer operating system should be kept up to date with the latest recommended security updates and upgrades.

In this course, we share in the creation and maintenance of a positive and safe learning environment. Part of this process includes acknowledging and embracing the differences among us in order to establish and reinforce that each one of us matters. I appreciate your suggestions about how to best maintain this environment of respect.
