- Teacher of the Year 2012-2013

Welcome to United States History. My name is Mrs. Antaki and I have been teaching US History on the secondary and collegiate level for 18 years. It is great fun to introduce students to aspects of history that have great influence on their lives. Our course work begins in 1493 at the Age of Discovery and continues to "The Modern Era". We view history from the 10,000 foot level making connections from the past to the present, enabling students to predict trends in politics, culture, and national events.
