Some Design/PM projects include: (1) ROC Baytown Hospital (2) ROC Baytown Medical Complex (3) Binz Ambulatory Surgical Center (4) Biomedical Research & Quality Control Testing Labs (5) Electron Research Microscopes (6) CNRC Vivarium Modifications (7) Misoc. Medical/Dental Clinics & Office/Retail/Restaurant Facilities (8) Chemical Plant, Commercial and Industrial Operational Facilities (9) CT, Nuclear Med, Stereotactic, Mamo, Pharmacy Installation at I-10 Hospital (10) Farmers Building Imaging/Breast Center (11) Aloha Building Imaging/ASC/Clinic Center (12) Hearsay Restaurant on the Strand (13) Galena Park Family Clinic (14) Multiple Coca-Cola Production Facility Improvements in U.S. (15) Multiple WMRE Gas to Renewable Energy Electrical Power Plants in U.S. (16) 4-Points Sheraton High-Rise Hotel (17) Peoples Bldg Corporate Staff Relocation

Professional Reviews

Personal Study of Mike Ross, Senior Project Manager..... (Rudolph A. Lessing, MS, PhD, Corporate Consulting, Strategic Individual & Group Evaluation & Development):

.....”**Intellectually**, he lies well within the top ten percent of the population giving him a considerably above-average ability to think and reason logically and competently and he is more adept with technical and quantitative as opposed to verbal data but the difference is not marked. He leans more toward the practical application side than one to want to dwell on theories or abstractions. His approach to problem-solving is about an equal combination of mastery of some field of information and focusing on tangible results and goals.....**Emotionally and personally**, he has made a very normal and stable adjustment to life in general with a solid amount of basic maturity and confidence..... **Motivationally**, he has very solid drive and energy and at heart is a team player who wants to be a valuable partner and a supportive force to the organization.....**Professionally**, he clearly has a continual desire to improve, achieve objectives, and literally compete to win. He values being part of a meaningful and significant enterprise and within that context wants to be a force for accomplishment and competence.....”

Education

1974 AAS (Architectural Tech, Highest Honors) Onondaga Community College

1977 Bachelor of Architecture, Cum Laude, Syracuse University

1982 Certificate of Electrical Tech, San Jacinto College

1991 Texas Real Estate License

1998 MBA (Finance), University of Houston

4014 Thistledown Dr., Pasadena, Tx 77504

C: 713-517-2331
