What’s Exciting About This Course
Students who finish GOVT 2306 will have completed one of the most important classes they will take in their college career. In this class, it will be made clear that government and politics are in everything that we, do and interact with, particularly when it comes to ensuring our liberty and our security. These concepts, while equally important, also are in conflict with each other. Laws that promote liberty may compromise security and vice versa. Which state and/or local institutions come up with these practices and enforces them? How do they come up with these practices? What role do we, as Texas residents, play in this balance between liberty and security? This will be a large theme in the course.

Welcome
On behalf of the Government Department, I welcome you to the study of Texas Government at Houston Community College. This HCC Online government course will cover the same material as the traditional face-to-face course. The major difference is that this course is entirely online via Eagle Online (Canvas). This course assumes that you have basic computer skills, or a basic level of computer literacy. By the end of the course, you will be comfortable
navigating a "virtual classroom," participating in online discussions, surfing the internet for supplementary information about government and politics - this supplementary information will be both written and visual.

As an instructor, my goal is for students to successfully complete the course, retain, and utilize the information taught. While it my responsibility to provide you with the information in a manner that employs strategies that engage the student in an active learning environment, it is your responsibility to complete the required assignments, assessments, and discussions in a quality manner. It is your responsibility to log in regularly, participate in discussions, complete assignments before deadlines and utilize the different teaching methods used in this course to improve your ability to complete exams with a high degree of success.

**Prerequisites and/or Co-Requisites**
GOVT 2306 requires college-level reading and writing skills. The minimum requirement for enrollment in GOVT 2306 includes concurrent enrollment in or successful completion of ENGL 1301. If you have enrolled in this course having satisfied this prerequisite, you have a higher chance of success than students who have not done so. Please carefully read and consider the repeater policy in the HCCS Student Handbook.

**Eagle Online Canvas Learning Management System**
This section of GOVT 2306 will use Eagle Online (Canvas) ([https://eagleonline.hccs.edu](https://eagleonline.hccs.edu)) to supplement in-class assignments, exams, and activities.

HCCS Open Lab locations may be used to access the Internet and Eagle Online (Canvas). It is recommended that you use FIREFOX or CHROME as your browser.

**HCC Online Information and Policies**
The HCC Online Student Handbook contains policies and procedures unique to the online student. Students should have reviewed the handbook as part of the mandatory orientation. It is the student's responsibility to become familiar with the handbook's contents. The HCC Online website at [www.hccs.edu/online](http://www.hccs.edu/online) provides some unique procedures for HCC online students. Online students should thoroughly review the website before each semester for updates and changes. The HCC Online website has specific sections for Advising Services, Counseling Services, Ability Services, Tutoring Services, Proctoring services, Career services, Student Support, and Technical Support for Eagle Online (Canvas).

**HCC Online Tutoring**
HCC Online Tutoring is available through [hccs.upswing.io](https://hccs.upswing.io) This online tutoring is free for all HCC students.
Textbook Information

This is not a Connect enabled course.

You may either use a hard copy of the book, or use the access code to rent the e-book from McGraw-Hill. You may order your book here: [HCC Bookstore](http://library.hccs.edu).

Tutoring

HCC provides free, confidential, and convenient academic support, including writing critiques, to HCC students in an online environment and on campus. Tutoring is provided by HCC personnel in order to ensure that it is contextual and appropriate. Visit the [HCC Tutoring Services](http://library.hccs.edu) website for services provided.

Libraries

The HCC Library System consists of 9 libraries and 6 Electronic Resource Centers (ERCs) that are inviting places to study and collaborate on projects. Librarians are available both at the libraries and online to show you how to locate and use the resources you need. The libraries maintain a large selection of electronic resources as well as collections of books, magazines, newspapers, and audiovisual materials. The portal to all libraries’ resources and services is the HCCS library web page at [http://library.hccs.edu](http://library.hccs.edu).

Supplementary Instruction

Supplemental Instruction is an academic enrichment and support program that uses peer-assisted study sessions to improve student retention and success in historically difficult courses. Peer Support is provided by students who have already succeeded in completion of the specified course, and who earned a grade of A or B. Find details at [http://www.hccs.edu/resources-for/current-students/supplemental-instruction/](http://www.hccs.edu/resources-for/current-students/supplemental-instruction/).

Course Overview

Student Success

Expect to spend at least twice as many hours per week on your own in addition to the time you would normally spend during instruction. Additional time will be required for written assignments. The assignments provided will help you use your study hours wisely.

Successful completion of this course requires a combination of the following:

- Reading the textbook
- Attending class in person and/or online
- Completing assignments
- Participating in class activities

There is no short cut for success in this course; it requires reading (and probably re-reading) and studying the material using the course objectives as your guide.

Instructor and Student Responsibilities

As your Instructor, it is my responsibility to:

- Provide the grading scale and detailed grading formula explaining how student grades are to be derived
- Facilitate an effective learning environment through learner-centered instructional techniques

- Inform students of policies such as attendance, withdrawal, tardiness, and make up
- Provide the course outline and class calendar which will include a description of any special projects or assignments
- Arrange to meet with individual students before and after class as required

As a student, it is your responsibility to:

- Attend class in person and/or online
- Participate actively by reviewing course material, interacting with classmates, and responding promptly in your communication with me
- Read and comprehend the textbook
- Complete the required assignments and exams
- Ask for help when there is a question or problem
- Keep copies of all paperwork, including this syllabus, handouts, and all assignments
- Be aware of and comply with academic honesty policies in the HCCS Student Handbook

Assignments, Exams, and Activities

Assignments have been developed to enhance your learning. To better understand a topic, you will be given assignments on key information that you will need to become successful in this course. Students will be required to successfully complete the following:

Discussions

Each discussion grade will depend on the quality of the thought that goes into each response. Students are expected to provide college-level responses and at least a paragraph in essay format that explains their position on the discussion topic. Discussions are designed to allow students to demonstrate their understanding of course material in written form. All discussions must be posted to the corresponding module and discussion thread in Eagle Online (Canvas). All work must be cited using MLA or APA format. Discussions posted after the deadline will not be graded.
Discussion Grading Rubric

**Proactive (10 points)** Student responded to the discussion prompt in 6-8 complete sentences and articulated a clear viewpoint on the topic. Student incorporated relevant research, correctly cited at least 2 sources in MLA or APA format, and used proper grammar.

**Substantial (7 points)** Student responded to the discussion prompt in 6-8 complete sentences and answered the prompt in a generic manner. Student correctly cited work in MLA or APA format and used proper grammar.

**Superficial (3 points)** Student responded to the discussion prompt in 4-5 sentences and answered the prompt in a generic manner. Student used proper grammar.

**Incorrect (0 points)** Student did not submit a discussion post. Student plagiarized portions of the submission. Student did not cite work and/or use proper grammar.

**Exams**
All exams will be taken online on specific dates according to the course calendar. Each exam will have 55 multiple-choice questions and students will have 75 minutes for each exam. Students are encouraged to use a secure internet connection when completing all online assignments.

**Quizzes**
It is up to the discretion of the instructor to assign quizzes if class participation is lacking or if it is apparent that reading assignments are not being completed. Quizzes could be announced or unannounced and consist of short answer questions regarding the reading assignments.

**Lectures**
Lectures are available in Eagle Online (Canvas). The materials in the lectures maybe covered on your exams.

**Online Activities**
The course will be navigated via modules. Students will need to begin the course by opening the module titled “Start Here” and review each tab to learn more about expectations for the course. After that, each module will consist of chapter readings and activities that correspond with the readings. Students will not be able to access future modules until the previous exam closes. Please review the calendar for due dates on assignments and exams.

**Extra Credit**
Participating in thoughtful exchanges with classmates about the discussion topics is an informative and valuable way to learn more about your fellow classmates. If you make a valuable comment on another students post, ask a classmate a question to follow-up on the post or respond to a query from another classmate about your post, you can earn one bonus point per discussion. Bonus points can only be earned during the time frame of each discussion exercise. You are encouraged to carry the conversation on beyond the bonus point opportunity to take advantage of the exchange of information with your classmates.

**Syllabus Quiz**
There will be an optional syllabus quiz scheduled during the beginning of the semester. Students will have three opportunities to take and retake the quiz until the maximum number
of points can be earned. The purpose of the syllabus quiz is to ensure that all enrolled students become familiar with course expectations and requirements.

**Grading Formula**
Quizzes, exams, and assessments will be assigned to assist you in determining how successful you are at mastering the course learning outcomes outlined in the syllabus. **All grades will be posted on Eagle Online (Canvas) within 1 week of the exam closing. Discussions posted after the designated timeframe, will not be added to the grade.**

To calculate your grade, simply add up your exam scores, discussions grades, and extra credit points.

Instructor’s Practices and Procedures

Missed Assignments
Students may be allowed to makeup missed assignments if they experience an emergency that prevents them from submitting an assignment by the due date and can provide a documented excuse. Acceptable documented excuses include: medical emergencies, the death of an immediate family member, military deployment or service, family emergencies, and legal situations on a case by case basis. If you or an immediate family member encounters any of the aforementioned situations, please contact your professor immediately to determine if your documentation is in line with the makeup policy. All documentation submitted must include dates, the name(s) of the individuals involved and demonstrate that the student was unable to complete the assignment based on the time frame of the event. Feel free to contact your professor with any questions.

Incomplete ("I")
You will receive an "I" (incomplete) only in the event of a documented emergency that prevents you from completing the final exam. You must speak with your instructor as soon as possible in the event of such an emergency to arrange for a course completion schedule. If you receive an "I", all course work must be completed before the end of the next long semester. All "I" designations must be changed prior to graduation.

Academic Integrity
Here’s the link to the HCC information about academic integrity (Scholastic Dishonesty and Violation of Academic Scholastic Dishonesty and Grievance):
http://www.hccs.edu/about-hcc/procedures/student-rights-policies--procedures/student-procedures/

Houston Community College is committed to a high standard of academic integrity in the academic community. In becoming a part of the academic community, students are responsible for honesty and independent effort. Examples of these violations include, but are not limited to, the following: plagiarizing written work or projects, cheating on exams or assignments, collusion on an exam or project, and misrepresentation of credentials or prerequisites when registering for a course.

Simply put, violations of academic integrity will not be tolerated. At a minimum, a grade of “0” will be recorded on the assignment or exam in question. Additional sanctions may include but are not necessarily limited to the following: being assigned a grade of "F" for the course, being withdrawn from the course, or being expelled from the College.

Attendance Procedures
As stated in the HCC Student Handbook, all students are expected to attend classes regularly. Students are also responsible for materials covered during their absences. It is the student’s responsibility to consult with their instructor for make-up assignments. Class attendance is monitored daily. It is the students’ responsibility to drop a course for nonattendance. I will not drop a student. It is the student’s responsibility to process the paperwork before the due date. Failure to withdraw officially can result in a grade of “F” in the course.

Students in HCC Online courses must log into their Eagle Online (Canvas) class or they will be counted as absent. HCC Online students who do not login and “actively participate” before the Official Day of Record will be AUTOMATICALLY dropped for non-attendance.
Completing the HCC Online orientation does not count towards attendance. **The Official Day of Record for this course is Wednesday, February 20, 2019.** Although it is the responsibility of the student to withdraw officially from a course, the professor also has the authority to block a student from accessing Eagle Online (Canvas), and/or to withdraw a student for excessive absences or failure to participate regularly.

If you are having technical difficulties and cannot login, you must immediately contact your instructor and the Eagle Online (Canvas) Help Desk or you will be counted as absent.

**Withdrawals**
If you are considering a course withdrawal because you are not earning passing grades, confer with your instructor as early as possible to discuss your study habits, test-taking skills, attendance, course participation, and opportunities for tutoring or other assistance that might be available. **The drop/withdrawal date this semester is Tuesday, April 9, 2019.**

**Student Conduct**
It is important for students to be respectful of the opinions of others. Students will receive a variety of reading material from a diverse audience. The material may come from historically sound reporters or opinionated commentators. I ask that each student critic each article regardless of the source or news outlet. The material maybe provocative in nature to generate a healthy debate. I encourage students to share diverging opinions on the material presented. Before responding to a discussion prompt or article, be sure to keep an open mind and try to relate to the issue from alternative perspectives. Clarify if your argument is based on your opinion or researched facts.

Disruptive behavior or activities that interfere with teaching and learning will not be tolerated and may result in an administrative withdrawal without refund. At a minimum, such disruption may result in a student being asked to issue a public apology.

**Instructor’s Course-Specific Information (As Needed)**
All grades will be posted within 1 week of the exam closing. Student discussions posted after the designated timeframe, will not be added to the grade. I am happy to discuss any questions and/or concerns regarding a specific grade. Please allow for at least a 24 hour “cooling” period after receiving your grade. Communication opportunities are often lost without such a period.

**EGLS³**

The EGLS³ ([Evaluation for Greater Learning Student Survey System](http://www.hccs.edu/resources-for/current-students/egls3-evaluate-your-professors/)) will be available for most courses near the end of the term until finals start. This brief survey will give invaluable information to your faculty about their teaching. Results are anonymous and will be available to faculty and division chairs after the end of the term. EGLS³ surveys are only available for the Fall and Spring semesters. EGLS3 surveys are not offered during the Summer semester due to logistical constraints.

**HCC Email Policy**

When communicating via email, HCC requires students to communicate only through the HCC email system to protect your privacy. If you have not activated your HCC student email account, you can go to [HCC Eagle ID](http://www.hccs.edu/) and activate it now. You may also use Canvas Inbox to communicate.

**Housing and Food Assistance for Students**

Any student who faces challenges securing their foods or housing and believes this may affect their performance in the course is urged to contact the Dean of Students at their college for support. Furthermore, please notify the professor if you are comfortable in doing so. This will enable HCC to provide any resources that HCC may possess.

**Government Program Information**

The Houston Community College Government department supports students in a number of different ways. These include:

- GOVT Majors – Students can earn an Associate of Arts Degree in Government, which will prepare them for majoring in Political Science or Government when they transfer
