Instructor's Requirements

Students are expected to maintain a state of **technical compliance**, including (but not limited to): up-to-date software as required by the instructor; a stable Internet

connection; and use of the Firefox browser when using Eagle Online.

The instructor is NOT required to give consideration for lost/missing/unacceptable work stemming from technical non-compliance and/or end-user technical issues.

The concept behind DE is relevant material and standardized instructional delivery to a group, in a consistent and fair manner, and at the lowest tuition price possible. To achieve these ends, **deadlines** must be adhered to strictly. This is a standard for all DE institutions, HCC college policy, and that of every instructor; not just mine. Tests and Assignments **MUST** be submitted through the window on the assignments page. If it is locked out, you missed it!

Deadlines and penalties are a part of the business world. When your rent is late, landlords charge a \$5 penalty each day late. If you are late picking up children from daycare, the fine is \$1/minute late. IRS charges penalties AND interest on a daily basis. Both utility and credit card companies have late fees, penalties, and ultimately higher interest rates for missed deadlines. These are the ways of the world!! You must learn them now. In rare circumstances, special arrangements could possibly be made in advance if there is some rare reason you need preferential treatment, but do not count on it.

DE instruction is for mature, disciplined students who are college-ready and prepared to work independently. You **MUST** have the reading/writing/typing skills *and* the discipline to accomplish this on your own within the allotted timelines, otherwise you should NOT be enrolled in a DE class.

EGLS3 -- Evaluation for Greater Learning Student Survey System

At Houston Community College, professors believe that thoughtful student feedback is necessary to improve teaching and learning. During a designated time near the end of the term, you will be asked to answer a short online survey of research-based questions related to instruction. The anonymous results of the survey will be made available to your professors and department chairs for continual improvement of instruction. Look for the survey as part of the Houston Community College Student System online near the end of the term.
