**16 WEEK CALENDAR** found in class on Eagle Online

## **Instructional Methods** Web Enhanced

Readings, case studies, service-learning, learning communities, exams, lecture/discussion, simulations, discussion questions, on-site practical experience, supervision, & observations.

### **Professor Grading Criteria:**

Grade recommendation from site supervisor.....	40%
Assigned signature sheets.....	10%
Domains (Class Supervision).....	20%
2 case studies.....	20%
Discussion question monitoring.....	10%

Your professor will conduct quizzes, exams, assessments and assignments that you can use to determine how successful you are at achieving the course's learning outcomes (mastery of course content and skills) outlined in the syllabus. If you find you are not mastering the material and skills, you are encouraged to reflect on how you study and prepare for each class. Your professor welcomes a dialogue on what you discover and may be able to assist you in finding resources on campus that will improve your performance.

### **Student Assignments**

Grade recommendation from site supervisor; Assigned signature sheets; Domains; case studies; Discussion question.

**Practicum Site:** The site supervisor's principal role is to bridge the gap between theoretical and practical concepts by engaging in a close relationship with the student in understanding the responsibilities of professionalism. The supervisor is expected to evaluate the student by providing weekly supervision. Additionally, the supervisor will complete a final evaluation of the student and submit a grade recommendation.

**Assigned Signature Sheets:** This consists of submitting, on their due dates, the following forms: Proposed Agency Agreement Form; Drug Screen Results; Ethics; Educational Contract; Time Sheets; Supervision Log; Student Evaluation; and Agency Evaluation. Students who have neither completed nor submitted their criminal background and drug screen will not be able to accrue their practicum hours until such documentation is submitted.

**Domains:** The establishment of a supervisory relationship is to insure that the practicum student is grasping the basic counseling skills and acquiring case management competency in preparation for professional readiness. This will be measured by the student's attitude toward authority, autonomy, eagerness and receptivity toward receiving feedback by Dr. Parrott and their site supervisor. Dr. Parrott will focus on "How does the student make the best use of the supervisory hour? and How open is the student to modifying ways of handling their emotions and counselor traps (countertransferences) in order to permit new learning?"

**Case Study:** Each student is expected to present a case study by staying and following one case or selecting different cases so that Dr. Parrott can track student's practicum experience as well as give feedback on skills. The required minimum is two (2) times to present a case. Students who choose not to participate will receive a 0 for this requirement.

**Student Discussions:** Students are required to post discussion questions based on material read and/or practical observations experienced that are related to this course. Post a substantive, grammatically correct question or statement that: (1) clearly supports a position, and/or (2) reflects critical thinking. The posting procedure and grading entails of the following:

First type the title of your discussion topic in the "subject" box then post 1 question to begin a dialogue thread. Click under the same title to continue the dialogue. You receive 10 points for each posting you post to your discussion thread.

If you create new threads outside your original, no credit will be given. You receive credit only when you post, not when you reply to other students discussions.

I suggest you post your question early and monitor it throughout the semester.

### **Instructional Materials**

### **HCC Policy Statement - ADA**

A student with a documented disability (e.g., physical, learning, psychiatric, visual, hearing, etc.) needing reasonable accommodations may contact the Disability Support Service Counselor at: 713-718-7631 at the beginning of each semester. Faculty is authorized to provide accommodations only to those with the approved letter. Furthermore, it is the student's responsibility to make special accommodations with the practicum site.

### **HCC Policy Statement: Academic Honesty**

Plagiarism, cheating, and other forms of academic dishonesty are not only violations of the college system and the rules of this class, but are unethical and unprofessional. In this class, students found guilty of academic dishonesty will receive a 0 for that assignment or an F for the course. Individuals found guilty for unprofessional behavior will not be allowed to return to the class. If you are no longer allowed to return to the class then you may receive an F or a W for the course.

If you are aware of anyone behaving unethically and/or unprofessionally, both inside and outside of this class; then you are encouraged to bring it to my attention otherwise, maintaining secrecy may subject you to the same consequence. If you report unethical/unprofessional behavior, then your privacy will be protected and if the accused

is found guilty, you will receive 2 extra credit points added to your final score. Please refer to HCC Student Handbook: <http://www.hccs.edu/hccs/current-students/student-handbook>. Violations will be documented in your student file and may subject you to a consequence such as denial for a practicum or dismissal from the program. Violators' names will be posted in this class.

### **HCC Policy Statement on Student Attendance, 3-peaters, Withdrawal Deadline:**

Attendance: Students are expected to sign their initials on the Classroom Attendance Sheet provided by Dr. Parrott. Failure to do so may constitute an absence for that day. If you fail to sign the Classroom Attendance Sheet and were in class, then the burden of proof is the student's responsibility.

Students who miss more than 2 classroom clock hours (2 absences) will result in a subtraction of points from their final grade: 5 points for each additional tardy and 10 points for each additional absence. A tardy is defined either as arriving late after the class starting time or arriving late from a break or leaving class early. Three tardy to class is equivalent to one complete absence.

Students who stop attending class and do not officially withdraw themselves may either receive an F or a W for the course.

Students with perfect attendance will receive 1 extra credit point.

Repeating a Course: Students are not permitted to submit work from previous semesters. If a student is repeating this course, reduplicated work will receive a 0 without the privilege to redo. If reduplicated work is submitted a 2<sup>nd</sup> time, the student may receive an F for academic dishonesty.

### **HCC Course Withdrawal Policy**

The State of Texas has begun to impose penalties on students who drop courses excessively. For example, if you repeat the same course more than twice, you have to pay extra tuition. Beginning in Fall 2007, the Texas Legislature passed a law limiting students to no more than SIX total course withdrawals throughout their educational career in obtaining a certificate and/or degree.

To help students avoid having to drop/withdraw from any class, an Early Alert process by which your professor will "alert" you and counselors that you might fail a class because of excessive absences and/or poor academic performance. You should visit with your professor or academic counselor to learn about what, if any, HCCS interventions might be available to assist you – online tutoring, child care, financial aid, job placement, etc. – to stay in class and improve your academic performance.

If you plan on withdrawing from your class, contact a counselor prior to withdrawing (dropping) the class before the withdrawal deadline to receive a "W" on your transcript. Do not submit a request to discuss withdrawal options less than a day before the deadline. If you do not withdraw before the deadline, you will receive the grade that you are making in the class as your final grade. The last day to officially withdraw is 17 February 2012 at 4:30pm.

### **Repeating the Course Fee**

The State of Texas encourages students to complete college without having to

repeat failed classes. To increase student success, students who repeat the same course more than twice, are required to pay extra tuition. The purpose of this extra tuition fee is to encourage students to pass their courses and to graduate. Effective fall 2006, HCC will charge a higher tuition rate to students registering the third or subsequent time for a course. If you are considering course withdrawal because you are not earning passing grades, confer with your professor/counselor as early as possible about your study habits, reading and writing homework, test taking skills, attendance, course participation, and opportunities for tutoring or other assistance that might be available.

### **Use of Camera and/or Recording Devices**

As a student active in the learning community of this course, it is your responsibility to be respectful of the learning atmosphere in your classroom. To show respect of your fellow students and professor, you will turn off your phone and other electronic devices, and will not use these devices in the classroom unless you receive permission from the professor.

Use of recording devices, including camera phones and tape recorders, is prohibited in classrooms, laboratories, faculty offices, and other locations where instruction, tutoring, or testing occurs. Students with disabilities who need to use a recording device as a reasonable accommodation should contact the Office for Students with Disabilities for information regarding reasonable accommodations

## **PROFESSOR REQUIREMENTS**

### **Classroom Behavior**

As your professor and as a student in this class, it is our shared responsibility to develop and maintain a positive learning environment for everyone. Your professor takes this responsibility very seriously and will inform members of the class if their behavior makes it difficult for him/her to carry out this task. As a fellow learner, you are asked to respect the learning needs of your classmates and assist your professor achieve this critical goal.

If your professor deems it necessary, he/she can use the Classroom Student Behavioral Measurement developed by Rick Parrott Ph.D.

Students who demonstrate an attitude of disrespect, silent avoidance, unwillingness to collaborate, lack of self-efficacy and lack of autonomy or any other unprofessional behavior will not be endorsed by me for a practicum.

Ethics: Maintaining ethical boundaries and following the Ethical Standards of the Licensed Chemical Dependency Counselor is the practicum student's legal and professional responsibility. If a practicum student is suspected of breach of Standards, the site supervisor is to bring it to the attention of Dr. Parrott. If a practicum student is found guilty of unethical practice, then that student may receive an F for the course.

Technical Difficulties: No accommodations will be granted because of technical difficulties unless the difficulty was a glitch in the college's system. I recommend you use the HCCS computer lab because they are more stable with available staff. They also have the necessary software. All registered HCCS students are welcome to use any HCCS computer lab at any HCCS campus.

### **Academic Support:**

Early Alert. The HCC Early Alert Initiative is a college-wide effort to successfully retain students who are at risk of failing, withdrawing or dropping a course. This joint effort between Instruction and Student Services identifies students that are performing poorly in the classroom so that effective support services can be provided to the student. If for any reason Dr. Parrott suspects a student at risk of failing, the student's name will be referred to the Early Alert Initiative.

AskOnline. For writing assignments only, you can now submit papers to AskOnline. Your work will be reviewed by HCC tutors with 24-hour turnaround.

Human Service Program Tutor. Larry Kegler is the Department's tutor. He can be contacted at: 713-718-5510; or in-class email.

Personal Counseling. I promote the full development of personal and professional capacities and strongly recommend students to be involved in their own personal psychotherapy.

Incomplete: An "I" (Incomplete) is a conditional and temporary grade given when a student is passing the course, but for reasons beyond their control, have not completed a relatively small part of the course requirements.

Inform your professor immediately of your reason for not being able to complete the course. I usually approve of an Incomplete when 3/4th of the semester is over. If approved then fill out a "Request for Incomplete Form" found in room 415.

The student is expected to make arrangements with their professor to complete unfinished work. Take note that an incomplete extends through the next full semester. At the end of that extension the "I" will automatically convert into an "F."

Private Consultation with Dr. Parrott: I will be of assistance and available of which students are welcome to drop by my office. To secure a visit, I recommend scheduling a private office consult or a phone consult you can make either by Blackboard e-mail, phone or in-person.

Cellular Phones: I request all cellular phones to be on silent mode. Unless it is an emergency, I prefer students to remain in class and respond to calls either during a break or until class is dismissed.

Chat Rooms: Chat rooms are available and can offer the opportunity to meet with other students for live conversations on an as-needed-bases. When a chat is scheduled, follow the log on procedures.

Extra Credit: I promote the full development of personal and professional capacities and, therefore, strongly recommend students to be involved in their own personal counseling.

I have a clinical social worker from U of H's Graduate College of Social Work who will provide individual counseling. Students can leave a message at 713-718-5551 requesting an appointment. For each appointment, students can receive .4 points which will be added to the final grade score. The Extra Credit Sign Sheet can be found in the Extra Credit Folder. At the end of the semester submit this form to Dr. Parrott.

International Students: Receiving a W or an F may affect the status of your Student Visa. Once a W is recorded on your transcript, it will not be changed to an F because of Visa consideration. International students may contact the International Student Office at 713-718-8520 for further information concerning your Visa status.

### **Program/Discipline Requirements:**

Grievances - a grievance is an actual incident which can be substantiated and is regarded by the student as a just cause for protest. Persons whom a student can file against include a student, professor, administrator or staff member in the Department. The first step to resolve the issue is to settle it informally by discussing the problem with the person and reaching a workable solution. If the issue is resolved informally, then the process is terminated. However, if the issue is not resolved, the student may meet with Dr. Parrott or his/her faculty advisor. If the issue is still unresolved, then the student may discuss the matter with the Department Chair. If the student decides to terminate or ignore the process, this will be considered a final action that cannot be reversed via filing a formal grievance at a later date. If the student decides to file a formal grievance then a written statement can be submitted to the Department's Program Discipline Committee.

Withdrawal Policy: The State of Texas has begun to impose penalties on students who drop courses excessively. For example, if you repeat the same course more than twice, you have to pay extra tuition. Beginning in Fall 2007, the Texas Legislature passed a law limiting students to no more than 6 total course withdrawals throughout their educational career in obtaining a certificate and/or degree.

**HCC Grading Scale:**

A = 100- 90	4 points per semester hour
B = 89 - 80:	3 points per semester hour
C = 79 - 70:	2 points per semester hour
69 and below = F	0 points per semester hour
IP (In Progress)	0 points per semester hour
W(Withdrawn)	0 points per semester hour
I (Incomplete)	0 points per semester hour
AUD (Audit)	0 points per semester hour

IP (In Progress) is given only in certain developmental courses. The student must re-enroll to receive credit. COM (Completed) is given in non-credit and continuing education courses. To compute grade point average (GPA), divide the total grade points by the total number of semester hours attempted. The grades "IP," "COM" and "I" do not affect GPA.
