Instructor Contact Information

Instructor: Ruth Dunn, BS, MA, Sociology	Office Phone: TBD
Office: Katy Campus Library ; by Appointment ONLY	Office Hours: 8:30 AM-10:15 AM (Tues & Thurs ONLY; By Appointment Only)
HCC Email: ruth.dunn@hccs.edu	Office Location: Katy Campus Library
CONTACT Email: EAGLE-ONLINE CANVAS E-MAIL ONLY	
Please feel free to contact me concerning any problems that you are experiencing in this course. Your <i>performance/success</i> in our class is very important to both of us. I am available (by appointment only) to hear your concerns and to discuss course topics.	

Instructor's Preferred Method of Contact

How to Contact Your Instructor

The only way to contact me is in person in class, in person during office hours, or by [EO-Canvas email](#). Phone conversations can be confusing and important portions can be forgotten or misconstrued, therefore, I confer **ONLY** through EO-Canvas email. Email gives us a record of what was said and what remedies, if any, were discussed and agreed on based on the rules in this syllabus and in EO-Canvas. I will read and respond to communications **ONLY** in EO-Canvas email.

EO-Canvas email is the **ONLY** way to reach me for anything about this course.

Please use EO-Canvas email to contact me about things that are about this course. **Please do NOT use my HCCS email address; I will not respond.** Contacting me through Canvas email permits me to keep a log of our conversations in one place so that we have a comprehensive record of our discussions.

I will read and respond to communications **ONLY** in EO-Canvas email. I answer my office phone during **OFFICE HOURS ONLY** when I am at the West Loop Campus.

I do not check messages on my office phone.

Making an Appointment to See Your Instructor

If you need to see me, you must make an appointment in the calendar in EO-Canvas (Scheduler) two or more days before you want to see me and send me an email in EO-Canvas letting me know when you scheduled your appointment. I hold office hours **ONLY** during the hours listed in this syllabus for this semester and only in the location listed in this syllabus for this semester.

Making an appointment is not just telling me when you want to see me, but what you want to see me about. This permits me to check all of your course activity before we meet so that we can talk about what I can do to help you and how we can work together to make sure you are doing well in our course. (Making an appointment is a life skill and a professional skill you will need when you are in the work force.)

Please see the [Office Hours Schedule \(Tentative\)](#), [Availability Schedule \(Tentative\)](#), and [Teaching and Location Schedule for Face-to-Face and Hybrids ONLY](#), below, in this syllabus for the best times to reach me.

NOTE: Any Errors or Omissions in this Syllabus May Be Corrected at any Time During the Semester without Prior Notice; You Will Be Notified through EO-Canvas Announcements if This Occurs. Sociology is Exciting, Useful, and Fascinating!

Sociology is a useful scientific enterprise because it gives us the scientific tools we need to understand ourselves and the people around us. Sociology matters because it gives us the scientific tools we need to analyze, explain, and predict human behavior in groups. Therefore, the information you will receive in this course is useful and it matters. All of your course material is either peer-reviewed or is accurate based on your instructor's training and knowledge.

Sociology is a science. Our scientific perspectives have descriptive meaning in the real world. Science observes various phenomena and then wants to know what those phenomena are, and under what natural or social circumstances they occur. From those observations we develop theories that are tested many times so that we know they are valid and that they apply to real people, real societies, and real social systems in our real world. Science is as objective as the scientist can make it. We follow very strict protocols in our search for knowledge and truth. The material for this course is grounded in the science of sociology and is not "common sense," or "opinion," or "well that's just a theory." In science, our theories are robust and have weight; they are valid because they have been tested, and they do explain and predict reality. Sociology is useful, and it matters because it is the scientific study of us, all of humanity in all our diversity.

To learn more about this, go to the Modules Tab in EO-Canvas and read all of the information about Perspectives, Theories, and Causation.

This course examines material and contains content that some of us might find challenging, offensive, obscene, or extremely difficult. No personal affront is intended, I am NOT trying to hurt your feelings or give you nightmares, but I maintain the right and responsibility to access your grasp of all the material discussed in this class since it meets all Sociology Department learning objectives. If you are disturbed and if necessary, you may contact me in Eagle Online Canvas email about this.

There are many topics that we may be studying this semester, including but not limited to rape, torture, murder, mutilation by the self and others, nudity (forced or voluntary), slavery, economic, social, and political inequality, human sexuality including gender identity, human trafficking, what it means to be human, how the structures of our society guide how we think and the way we interact with one another, cannibalism, globalism, isolationism, the movements of populations, war, climate change, religion, child abuse, and other equally difficult ideas and topics. I do not teach these things to hurt your feelings or cause you psychological damage, I teach them because they are about the way we behave and the way we interact with one another based on the ways we structure our societies. Many of these topics/issues are very difficult, and we will be looking at videos and still photos that will be profoundly disturbing to many of us. However, we are adults. Even if you are not a legal adult, you are in an adult college classroom, and you must be prepared to be confronted with ideas you had never thought about and knowledge that you didn't know existed. If you are offended by the course material, withdraw from the course. I am not trying to upset you, I am trying to impart information that it is critical for an informed citizen of the world to know.

Welcome to Our Class!

I love sociology! Even the most difficult of topics that we study I find fascinating because sociology is delving into our collective psyche and behavior. Why do humans behave the way we do? How does our sociocultural background delimit our thought and behavioral processes? For example, I was born and raised in a small town in Southwestern Iowa where we froze in the winter and sweltered in the summer. From the perspective of most of you, I'm about a thousand years old so my upbringing was probably very different from yours. Not everyone had a telephone! Not everyone had a radio! Not everyone had a TV! All TV shows were in black and white, there were only three channels, and they went off the

air at midnight! Not everyone had indoor plumbing! Not everyone could read or write! Not everyone had a car! Rock and Roll was just starting out and most parents and teachers hated it! Most people didn't have air conditioning! We walked to more places than we rode. Everyone seemed like a Republican—not the kind of Republicans that exist today with Trump as their leader—who could be very conservative or very liberal. Democrats could be very liberal or very conservative. We were at the beginning of the rise of the American Middle Class and letter carriers lived next door to the mayor, and railroad workers lived next to physicians. Racism, sexism, and homophobia were prevalent and prominent. The Civil Rights Movement was just getting underway and a president and several Civil Rights leaders were assassinated.

That background colored and shaped the way I think about the world and the sociological perspective that provides a particular lens through which I see and understand the world. It is my hope that you will learn to analyze our human society from a different framework than ever before. I hope you will enjoy our class and that you will be glad you took sociology. Thus, I welcome you to our class! Learning is fun, fundamental, and lifelong so let's get going so that we can be successful students of life!

Hi! By now, you've figured out that my name is Ruth Dunn. I have been teaching Sociology at HCC since January 1998, full-time since January 2015. I LOVE teaching. For me, it's not really work, it's joyful play. I have two adult daughters, four grandsons (one is transgender), two granddaughters (one is bisexual), and two great grandchildren. I have had purple hair since 2013. I was married for 38 years; my beloved husband died in May 2018 and I will always miss him. We have three huge, furry, Maine Coon Cats; the smallest weighs 12 pounds, the largest 16-17 pounds.

I believe with my whole heart and soul that we can do better and be better toward our fellow humans if we just learn more about each other and learn how to connect. I believe that we have the obligation to care for our fellow humans, to care for our planet, and to bring about equality among all peoples of our world. I believe that inequality can be overcome, but it will require us to work every day toward equality. I believe that you can do whatever you set your mind and heart to as long as you put the necessary work into it.

Prerequisites and / or Co-Requisites

SOCI 1301 requires a college-level reading and writing skills. Research indicates that you are most likely to succeed if you have already taken and passed ENGL 1301. The minimum requirements for enrollment in SOCI 1301 include placement in college-level reading (or take INRW 0420 in ESOL 0360 as a co-requisite). If you have enrolled in this course having satisfied these prerequisites, you have a higher chance of success than students who have not done so. Please carefully read and consider the repeater policy in the [HCCS Student Handbook](#).

[Eagle Online Canvas](#) Learning Management System

What Is a Learning Management System?

What are [EO](#), [Eagle Online](#), [Eagle Online-Canvas](#), and [Canvas](#)?

This section of SOCI 1301 will use [Eagle Online Canvas](#)

HCCS, along with many colleges and universities in the world, uses a Learning Management System (LMS) to maintain and support the online teaching and learning tools that are used for most of our courses. Those tools include tutorials, videos, handouts, readings, links to important websites, and information from your instructor that is not in your textbooks.

We call our LMS Eagle Online (EO as a nickname). Our LMS is supported and managed by a company called Instructure. They maintain the cloud for our LMS and interface directly with the people at Canvas. Canvas is the LMS platform that we use at HCCS.

EO is the acronym for our Learning Management System at HCC

Eagle Online is the title of our Learning Management System at HCC

Canvas is the platform of the Learning Management System at HCC.

We buy services for Canvas from Instructure who maintains our EO website, updates, and server cloud, and is our direct interface with Canvas.

EO-Canvas is the complete designation for our Learning Management System at HCC

Eagle Online, EO, Eagle Online-Canvas, EO-Canvas, and Canvas are the same thing and are merely different forms of the title of our Learning Management System at HCC.

If your Instructor tells you that something is in EO, Eagle Online, or Canvas, it means that you can't find it anywhere else except in the body of the LMS—Eagle Online-Canvas.

Timeline for Completion of the Reflections Assignments

There are timelines in the Modules Tab in EO-Canvas that will help you figure out how much time it will take to finish the Reflections Assignments. I urge you to use this and all other the tools that I have given you to help you complete successfully all of the course material.

Scoring Rubrics, Sample Assignments, etc.

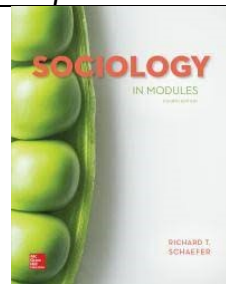

Instructions, Directions, and Rubrics for Gradable Activities Will Be in EO-Canvas

Look in Eagle Online Canvas for the scoring rubrics for gradable activities, examples of written work, and other information that will assist you in the course. <https://eagleonline.hccs.edu/login/ldap>

All Required Readings, Instructions, Directions, Rubrics, Templates, Examples (if any), Checklists (if any), Miscellany, Handouts, and any Activity or Resource that your Instructor deems valuable and useful will be in the Modules Tab in EO-Canvas. Gradable Activities such as, but not limited to, Quizzes (includes Exams if any), Projects, Assignments, and Discussions will be in the Assignments and/or Discussions Tab in Eagle Online and/or the link to your required textbook and textbook materials. It is your responsibility to follow the directions and read and/or watch and/or do whatever is required. If something says REQUIRED, it is required. All Assignments, Discussions, Projects, and any other Gradable Activities are REQUIRED.

Textbook Information (Summer 2019 Only)

Required Textbook (for Summer 2019 Only)

Richard T. Schaefer. *Sociology in Modules, Fourth Edition*. 2018. McGraw-Hill, 2018. ISBN 978-1-259-70271-6. *Paperback*. This book is also available in loose-leaf and as an ebook. I love books but for textbooks, I prefer the ebook; if you have a laptop, tablet, and/or smart phone, you can take the book wherever you go and you can't lose it or misplace it! 😊😊 This is the book that you must have for this course and it has a code that permits you access to the course material in McGraw-Hill Connect[®]. (If the title, author, and edition are correct, the book will be the correct one.) Do **NOT** let the bookstore try to sell you any other book! If they do, please contact me immediately. Thank you!

Temporary Free Access to E-Book (Beginning Fall 2019 ONLY)

Here is the link to get temporary free access to a digital version of the textbook for fourteen days: **add link**. There will be an ebook and platform with quizzes and interactive assignments for the assigned chapters that will help you learn

the course material. You will be able to access online components related to your textbook from “Modules” in Eagle Online-Canvas and through the quizzes and assignments settings in Eagle Online-Canvas.

Buying Your Textbook and Financial Aid (Beginning Fall 2019 ONLY)

Unless there is a hold on your account, Financial Aid is **always** disbursed ten days before classes start. You will have access to your Financial Aid funds ten days before classes start which means that you must purchase your textbook either as a physical copy or as an ebook when eBooks are available. You will have temporary free access to a digital version of the textbook for the first fourteen days of class. Therefore, there will be no problem for you to have your textbook **ON THE FIRST DAY OF CLASS**. If you are not receiving Financial Aid, you will also have temporary free access to a digital version of the textbook for the first fourteen days of class. This textbook is **REQUIRED ON THE FIRST DAY OF CLASS**. If you tell me that your Financial Aid did not come in on time for you to get your book before the Temporary Free Access runs out, you must provide written documentation from your Financial Aid officer and the manager of the bookstore

Tutoring, Libraries, and Supplementary Instruction

Tutoring

HCC provides, free, confidential, and convenient academic support, including writing critiques, to HCC students in an online environment and on campus. Tutoring is provided by HCC personnel in order to ensure that it is contextual and appropriate. Visit the [HCC Tutoring Services](https://www.hccs.edu/resources-for/current-students/tutoring/) website for information about the services we provide.

<https://www.hccs.edu/resources-for/current-students/tutoring/>

Libraries

The HCC Library System consists of 9 libraries and 6 Electronic Research Centers (ERCs) that are inviting places to study and collaborate on projects. Librarians are available both at the libraries and online to show you how to locate and use the resources you need. The libraries maintain a large selection of electronic resources as well as collections of books, magazines, newspapers, and audiovisual materials. The [portal to all libraries' resources and services](http://library.hccs.edu) is the HCC library webpage at <http://library.hccs.edu>.

Supplementary Instruction

Supplemental Instruction is an academic enrichment and support program that uses peer-assisted study sessions to improve student retention and success in historically difficult courses. Peer Support is provided by students who have already succeeded in completion of the specified course, and who earned a grade of A or B. SI is a non-remedial approach that provides regular review sessions outside of the classroom. In this setting, students work collaboratively through discussion of reading and other assignments, taking and sharing of notes, developing organizational and study skills, preparing for and predicting exam items, and sharing ideas for improving their learning experience and success in the course. These out-of-class sessions are led by SI Leaders—students who already took the class and did well. With the help of SI Leaders, students will learn how to learn, while learning what to learn. [Supplemental Instruction](#) does not necessarily target high-risk students, but is there to help students succeed in courses that many students find difficult. Please click on [this link](#) to access the [Supplemental Instruction](#) website.

NOTE: Any Errors or Omissions in this Syllabus May Be Corrected at any Time During the Semester without Prior Notice; You Will Be Notified through EO-Canvas Announcements if This Occurs. Instructor Ruth Dunn reserves the right to make any changes to the syllabus or to the course material in EO without prior notice. If a change is made, you will be notified immediately through EO-Canvas Announcements. Course Overview

Course Description

(Sociology) SOCI 1301 Introduction to Sociology—SOCI 1301, Introduction to Sociology is a survey course which focuses on the nature of human groups in American and world societies, their social and cultural adaptations, and the impact which various social processes may have on their social organization and social change. This is a Core Curriculum Course.

(From: ACGM: Texas Higher Education Coordinating Board 2016)

SOCI 1301 Introduction to Sociology

The scientific study of human society, including ways in which groups, social institutions, and individuals affect each other. Causes of social stability and social change are explored through the application of various theoretical perspectives, key concepts, and related research methods of sociology. Analysis of social issues in their institutional context may include topics such as social stratification, gender, race/ethnicity, and deviance.

Approval Number 45.1101.51 25 maximum SCH per student

Maximum SCH per course 3 maximum contact hours per course

Core Curriculum Objectives

Learning Outcomes

Upon successful completion of this course, students will:

1. Compare and contrast the basic theoretical perspectives of sociology.
2. Identify the various methodological approaches to the collection and analysis of data in sociology.
3. Describe key concepts in sociology.
4. Describe the empirical findings of various subfields of sociology.
5. Explain the complex links between individual experiences and broader institutional forces.

Core Curriculum Core Curriculum Skills and Assessment:

Sociology 1301 is a core curriculum course. It may be used to fulfill the requirements for a core Social and Behavioral Sciences course OR a core Cross/Multi-Cultural Studies course.

[Please click here to go to the HCC Student Catalog for more information about course offerings.](#)

Given the rapid evolution of necessary knowledge and skills and the need to take into account global, national, state, and local cultures, the core curriculum must ensure that students will develop the essential knowledge and skills they need to be successful in college, in a career, in their communities, and in life. Through the Texas Core Curriculum, students will gain a foundation of knowledge of human cultures and the physical and natural world, develop principles of personal and social responsibility for living in a diverse world, and advance intellectual and practical skills that are essential for all learning. Students enrolled in this core curriculum course will complete several assignments designed to cultivate the following core objectives:

- **Critical Thinking Skills**—to include creative thinking, innovation, inquiry, and analysis, evaluation and synthesis of information

Ruth Dunn BS, MA, Sociology Instructor

NOTE: Any Errors or Omissions in this Syllabus May Be Corrected at any Time During the Semester without Prior Notice; You Will Be Notified through EO-Canvas Announcements if This Occurs. Instructor Ruth Dunn reserves the right to make any changes to the syllabus or to the course material in EO without prior notice. If a change is made, you will be notified immediately through EO-Canvas Announcements. If there is a rule or other course information that will affect your grade for this class that is not in the syllabus it will be in the Modules, Assignments, or Discussions Tabs, in EO Canvas and has as much weight and importance as if it were in the syllabus.

- **Communication Skills**—to include effective development, interpretation and expression of ideas through written, oral and visual communication
- **Empirical and Quantitative Skills**—to include the manipulation and analysis of numerical data or observable facts resulting in informed conclusions
- **Social Responsibility**—to include intercultural competence, knowledge of civic responsibility, and the ability to engage effectively in regional, national, and global communities.

- These objectives will be assessed as follows:**
- **Critical Thinking:** Nearly all the work in this course will require critical thinking about the societal topics that we address. Your critical thinking skills will be assessed through the written work that you submit and being able to conduct an informed discussion of the required readings.
 - **Communication:** Nearly all the work in this course will also require that you be able to communicate well in writing. Your communication skills will be assessed primarily through the written work you submit and class participation.
 - **Empirical and Quantitative:** You will be required to answer questions from the required readings that assesses your empirical and quantitative skills. Furthermore, you will be expected to critically assess various research projects and comprehend various quantitative facts.
 - **Social Responsibility:** This entire course, reading and class material, is largely focused on social responsibility as an element of Sociology is the understanding that we are interconnected social beings.

Course Students Learning Outcomes (CSLOs)
1. Compare and contrast the basic theoretical perspectives of sociology.
2. Identify the various methodological approaches to the collective and analysis of data in sociology.
3. Describe key concepts in sociology.
4. Describe the empirical findings in various subfields of sociology.
5. Explain the complex links between individual experiences and broader institutional forces.

Student Success
Expect to spend at least twice as many hours per week outside of class as you do in class studying the course content. Additional time will be required for written assignments. The assignments provided will help you use your study hours wisely. Successful completion of this course requires a combination of the following:
• Reading the assigned portions of the textbook or other written material

NOTE: Any Errors or Omissions in this Syllabus May Be Corrected at any Time During the Semester without Prior Notice; You Will Be Notified through EO-Canvas Announcements if This Occurs. Instructor Ruth Dunn reserves the right to make any changes to the syllabus or to the course material in EO without prior notice. • Attending all classes in person and / or online
• Completing all gradable activities on time and correctly
• Actively participating in class activities
• There is no shortcut for success in this course; it requires reading (and probably re-reading) and studying the material using the course objectives, grading rubric, instructions for any gradable activities as your guides.
• Showing up every day or being online every day does not guarantee a passing grade for any SOCI course taught by Ruth Dunn. You must DO THE REQUIRED work. If you don't do the REQUIRED work, you will not be able to pass this course. REPEAT: Just showing up does not guarantee a passing grade. YOU MUST COMPLETE AND PASS ALL OF THE REQUIRED WORK IN ORDER TO EARN A PASSING GRADE of 70% or above. There are NO exceptions to this policy.

Instructor and Student and Responsibilities

As your Instructor, it is my responsibility to:

- Provide the grading scale and detailed grading formula explaining how student grades are to be derived
- Facilitate an effective learning environment through class activities, discussions, and lectures
- Describe and direct any special projects or assignments
- Inform students of policies such as attendance, withdrawal, tardiness and policies on makeup work
- Provide the course outline and class calendar which will include a description of most special projects or assignments
- There may also be separate handouts, occasional verbal instructions, and classroom activities for assignments not included in the course calendar
- Be available at mutually convenient times of Instructor and student to meet either before or after class as needed, or at another scheduled time

As a student it is your responsibility to:

- Attend class in-person and / or online
- For online-only classes, be online regularly throughout the day every day, participate in online discussions and activities, both inside and outside of class
- For in-person or hybrid classes, be in class everyday your class meets, participate in discussions and activities, both inside and outside of class
- Be an active listener or reader, take good notes, pay attention, ASK questions, participate in discussions in class
- Participate actively by reviewing course material, interacting with classmates, and responding promptly in your communication with me
- Read and comprehend the textbook and all other course material
- Use all of the resources available for each course you take
- Constantly look for ways to apply the course concepts to specific experiences in your own life
- Make connections between what you read, see, or hear in the classroom, hallways, library, and other meeting places on campus, and your life outside of school.

NOTE: Any Errors or Omissions in this Syllabus May Be Corrected at any Time During the Semester without Prior Notice; You Will Be Notified through EO-Canvas Announcements if This Occurs. I am here to guide your learning and help you to understand sociology. Watch the Medieval Help Desk, for two points added to your first written assignment; at the end of the first written assignment, write two pages, double-spaced telling me what it is about and what you thought about it. I am not here to show you how to open a book, tie your shoes, or read directions. I am a resource for you, the learner, and you need to use my knowledge to help you learn. You need to take charge of your own learning process by reading all of the information in Eagle Online-Canvas that is pertinent to the day-to-day processes that occur in and out of our classroom.

NOTE: Any Errors or Omissions in this Syllabus May Be Corrected at any Time During the Semester without Prior Notice; You Will Be Notified through EO-Canvas Announcements if This Occurs. Instructor Ruth Dunn reserves the right to make any changes to the syllabus or to the course material in EO without prior notice. Assignments, Exams, Quizzes, Discussions, and Any Other Gradable Activities

All Required Readings, Instructions, Directions, Rubrics, Templates, Examples (if any), Checklists (if any), Miscellany, Handouts, and any Activity or Resource that your Instructor deems valuable and useful will be in the Modules Tab in EO-Canvas. Gradable Activities such as, but not limited to, Quizzes (includes Exams if any), Projects, Assignments, and Discussions will be in the Assignments and/or Discussions Tab in Eagle Online and/or any online components related to your textbook.

It is your responsibility to follow the directions and read and/or watch and/or do whatever is required. If something says REQUIRED, it is REQUIRED. All Assignments, Discussions, Projects, and any other Gradable Activities are REQUIRED.

NOTE: Any Errors or Omissions in this Syllabus May Be Corrected at any Time During the Semester without Prior Notice; You Will Be Notified through EO-Canvas Announcements if This Occurs. Grading and HCC Grading Scale

Your instructor will conduct quizzes, exams, and assessments that you can use to determine how successful you are at achieving the course learning outcomes (mastery of course content and skills) outlined in the syllabus. If you find you are not mastering the material and skills, you are encouraged to reflect on how you study and prepare for each class. Your instructor welcomes a dialogue on what you discover and may be able to assist you in finding resources on campus that will improve your performance. Showing up every day or being online every day does not guarantee a passing grade for any SOCI course taught by Ruth Dunn. You must DO THE REQUIRED work. If you don't do the REQUIRED work, you will not be able to pass this course. **REPEAT:** Just showing up does not guarantee a passing grade. **YOU MUST COMPLETE AND PASS ALL OF THE REQUIRED WORK IN ORDER TO EARN A PASSING GRADE.** There are NO exceptions to this policy.

Houston Community College—Standard Grading System

A=100—90=4 points per semester hour
 B= 89—80=3 points per semester hour
 C= 79—70=2 points per semester hour
 D= 69—60=1 point per semester hour
 F= 59 and below =0 points per semester hour
 P* (In Progress)=0 points per semester hour
 W (Withdrawn)=0 points per semester hour
 I (Incomplete)=0 points per semester hour
 AUD (Audit)=0 points per semester hour

*IP (In Progress) is given only in certain developmental courses. The student must re-enroll to receive credit. COM (Completed) is given in non-credit and continuing education courses.
 GPA: To compute grade point average (GPA), divide the total grade points by the total number of semester hours attempted. The grades "IP," "COM" and "I" do not affect GPA.

NOTE: Any Errors or Omissions in this Syllabus May Be Corrected at any Time During the Semester without Prior Notice; You Will Be Notified through EO-Canvas Announcements if This Occurs. Instructor Ruth Dunn reserves the right to make any changes to the syllabus or to the course material in EO without prior notice. Incompletes

I do not give Incompletes. Incompletes are always at the discretion of the instructor. In over 20 years in the classroom, I have had only six students clear an incomplete, furthermore, you do NOT have a right to an incomplete, that is at my discretion! However, IF and ONLY IF I decide to give an Incomplete, you are REQUIRED to clear the incomplete by the end of the next long semester, and you will be responsible for responding to an email from me detailing the rules of clearing the Incomplete. If you don't acknowledge the agreement to clear the Incomplete, or if you don't clear the Incomplete by the end of the next long semester after the incomplete is incurred, your grade will automatically roll over to an F or to whatever grade you earned at the point where the Incomplete was given. I will NOT extend the Incomplete or change it from an F. Also, in order to be given an Incomplete, you must have completed, by the due dates, 85% of all course work assigned as of the date you request the Incomplete with a cumulative grade of 75% or higher. I will not give an Incomplete after the [Official Last Day of Instruction that is in the Official Academic Calendar on the HCCS Website](#). [No Gradable Activities of Any Kind Will be Accepted After the Official Last Day of Instruction that is in the Official Academic Calendar on the HCCS Website](#). [Any information about Due Dates in this syllabus or in EO-Canvas is null and void if the dates listed are after the Official Last Day of Instruction that is in the Official Academic Calendar on the HCCS Website](#). Advisors, counselors, department chairs, deans, administrators, and other support staff and faculty do not make the rules for Incompletes for my courses. The rules for being given an Incomplete and clearing the Incomplete for this course are at the discretion of Ruth Dunn, Sociology Instructor at Houston Community College.

a) Will not be able to demonstrate that Sociology is useful and matters because it will have no analysis, will show extreme confusion and a complete inability to understand sociological tools and explain the sociocultural environment in which we live.
b) Will do significantly less than what is required. Will have no analysis or discussion of a topic, theory, or perspective. Will exhibit no interest, passion, or understanding and will not have examples
c) Will show no evidence that you have absorbed and internalized the course material and will have no analysis of the examples.
d) Will show extremely poor writing and extremely poor use of standard written English, correct punctuation, spelling, capitalization, etc.
e) Will make no sense and will have no logical flow throughout the assignment.
f) Will have more than twenty grammatical and/or mechanical errors.

Course Calendars
<i>Due Dates for Coursework and Other Important Course Dates</i>
Due Dates and other important dates that will impact student attendance and student grades will be found in the Calendar in EO-Canvas. If you find any Due Date errors or discrepancies, please let me know immediately through EO-Canvas email so that I can make any necessary corrections as quickly as possible.
You will find all due dates and other important dates in the Calendar in EO-Canvas. All of the due dates and important course dates will be in EO-Canvas and/or online components related to your textbook. Don't ask me when something is due, I won't remember, and I will have to go to the EO-Canvas calendar so that I can tell you the dates that you should have checked for yourself. Save a couple of steps and look in the calendar! If there are Due Date errors, please let me know immediately so that I can change them immediately.

The Due Dates for all Gradable Activities (Discussions, Assignments, Weekly Quizzes, Extra Credit and anything else I might think of) can be found in the Calendar in EO-CANVAS. The Due Dates in EO-CANVAS are almost always correct and accurate but check them daily because they might be changed. If I change any due dates, you will be notified through the Announcements in EO-Canvas. All gradable activities turned in on the due date will be considered complete and finished and may not be rewritten. [No Gradable Activities of Any Kind Will be Accepted After the Official Last Day of Instruction that is in the Official Academic Calendar on the HCCS Website. Final Exam

There is no final exam for this course.

Instructor's Practices, Procedures, and Policies

Late and Missed Gradable Activities Policy

Late Discussions and Assignments

All of your gradable activities are available beginning the first day of the semester.

That means that you have as many weeks as the course for which you registered is available.

Because you have access to ALL of your gradable activities you have no reason to be late, or to ask for an extension.

If you think you want to ask me for an extension because you didn't have time to complete a gradable activity, you may want to think about such a request more than once, or twice, or three times, until you have decided that it is a waste of your time to ask because the answer will be "NO!"

I do not take kindly to students who waste their time or who run out of time when they have all of the gradable activities available from the first day of class.

If you are in any course that is shorter than 12 weeks or if you are in a mini-term and you don't have time to complete everything, remember that no one forced you to register for a short course.

I have no sympathy for students who complain about the amount of work required in a short course.

You registered for the course and if you decided to take a short course in the mistaken belief that there would be less work to do, then you made a serious error that could affect your GPA and/or your ability to Transfer.

Beginning Fall 2019, online components and gradeable activities related to your textbook are available from the first day of the semester until [the Official Last Day of Instruction that is in the Official Academic Calendar on the HCCS Website](#).

Late Gradable ACTIVITIES OF ANY KIND will not be accepted.

Once the cut-off date has passed for a WRITTEN ACTIVITY THROUGH EO-CANVAS/and or online components related to your textbook, you will no longer be able to submit the activity and you will receive a zero that cannot be made up.

Once the cut-off date has passed for a WRITTEN ACTIVITY THROUGH EO-CANVAS/and or online components related to your textbook and you have submitted the wrong assignment, or submitted an assignment through the wrong link for that activity, you will not be allowed any make-ups.

Failure to follow all of the rules that are in this syllabus or in the EO-Canvas Modules or Assignments may result in poor grades.

You MUST read my commentary that will be embedded in your written assignments and / or the comment sections of the Rubric so that you understand why you received the grade you were given.

My commentaries are meant to explain concepts about which you are unsure and to give you useful feedback that will help you to improve your grades throughout the semester.

It is your responsibility to read my comments about each of your gradable activities BEFORE you contact me about your grade.

The Daily QUIZZES, if any, in online components related to your textbook, CANNOT BE MADE UP!

Weekly QUIZZES cannot be made up.

The Daily ASSIGNMENTS, if any, in online components related to your textbook, CANNOT BE MADE UP.

Instructor Ruth Dunn reserves the right to make any changes to the syllabus or to the course material in EO without prior notice. If a change is made, you will be notified immediately through EO-Canvas Announcements. If there is a rule or other course information that will affect your grade for this class that is not in the syllabus it will be in the Modules, Assignments, or Discussions Tabs, in EO Canvas and has as much weight and importance as if it were in the syllabus.

Weekly ASSIGNMENTS if any, in online components related to your textbook, CANNOT BE MADE UP.
<u>No Gradable Activities of Any Kind Will be Accepted After the Official Last Day of Instruction that is in the Official Academic Calendar on the HCCS Website.</u>
<u>Any information about Due Dates in this syllabus or in EO-Canvas is null and void if the dates listed are after the Official Last Day of Instruction that is in the Official Academic Calendar on the HCCS Website.</u>
Showing up every day or being online every day does not guarantee a passing grade for any SOCI course taught by Ruth Dunn.
You must DO THE REQUIRED work.
If you don't do the REQUIRED work, you will not be able to pass this course.
REPEAT: Just showing up does not guarantee a passing grade.
YOU MUST COMPLETE AND PASS ALL OF THE <u>REQUIRED</u> WORK IN ORDER TO EARN A PASSING GRADE.
There are NO exceptions to this policy.
NO Exceptions!
When instruction ends per the <u>Official Last Day of Instruction in the Official HCCS Academic Calendar in the HCCS Website</u> , the final exams will begin—there is NO final in this course!—and <u>No Gradable Activities of Any Kind Will be Accepted After the Official Last Day of Instruction that is in the Official Academic Calendar on the HCCS Website.</u>
<u>Any information about Due Dates in this syllabus or in EO-Canvas is null and void if the dates listed are after the Official Last Day of Instruction that is in the Official Academic Calendar on the HCCS Website.</u>
The end of the semester is kind of like driving over a cliff; if you didn't get your faulty brakes fixed, you're doomed.
DON'T PROCRASTINATE! DO THE NECESSARY COURSE WORK BEFORE IT'S DUE! DON'T WAIT! DO THE WORK NECESSARY TO PASS THIS COURSE.
<i>Making Up Missed or Late Work</i>
I do not permit make-up work or late work unless you can supply written documentation that I, reasonably, can use to decide whether your excuse concerning an unsubmitted written assignment or an absence from a class on a due date for an in-class assignment of some kind meets my criteria. You will be required to provide from a hospital, emergency room, (or any other such medical facility), from an undertaker or funeral home, from the military, from another college, university, or other such institution of higher learning, from your advisor only if you are a CECHS student, or from any source that your Instructor deems legitimate, <u>written documentation within 48 hours of missing any assignment</u> . Make-up work and accepting late work is <u>always</u> at the discretion of the instructor. If and only if I agree privately with a student to permit late or make-up work, it will be no more than 2 gradable activities per semester.

Academic Integrity
“Scholastic dishonesty includes, but is not limited to, cheating on a test, plagiarism, and collusion.
Cheating on a test includes:
Copying from another student’s test paper
Using, during a test, materials not authorized by the person giving the test.
Collaborating with another student during a test without authorization.
Knowingly using, buying, selling, stealing, transporting, or soliciting in whole or in part the contents of an unadministered test.
Substituting for another student, or permitting another student to substitute for one’s self, to take a test.

NOTE: Any Errors or Omissions in this Syllabus May Be Corrected at any Time During the Semester without Prior Notice; You Will Be Notified through EO-Canvas Announcements if This Occurs. Instructor Ruth Dunn reserves the right to make any changes to the syllabus or to the course material in EO without prior notice. Bribing another person to obtain a test that is to be administered.

Plagiarism' means the appropriation of another's work and the unacknowledged incorporation of that work in one's written work for credit.

Collusion' means the unauthorized collaboration with another person in preparing work offered for credit." (HCC Core Sociology Curriculum.)

Ruth Dunn's Academic Honesty Policy

"Scholastic dishonesty includes, but is not limited to, cheating on a test, plagiarism, and collusion.

Cheating on a test includes: Copying from another student's test paper. Using, during a test, materials not authorized by the person giving the test. Collaborating with another student during a test without authorization. Knowingly using, buying, selling, stealing, transporting, or soliciting in whole or in part the contents of an unadministered test. 'Plagiarism' means the appropriation of another's work and the unacknowledged incorporation of that work in one's written work for credit. 'Collusion' means the unauthorized collaboration with another person in preparing work offered for credit." (HCC Core Sociology Curriculum.)

We will be using TurnItIn© for all written work. This program will allow you to discover if you have plagiarized. It will also let you know about any mechanical writing errors you have made so that you can correct them BEFORE you submit your gradable activity.

Academic dishonesty will result in:

A grade of zero for that assignment.

A failing grade for the course.

A notice placed in your academic file and on your transcript.

Every effort I can bring to bear to have you expelled from the college.

Please see the Instructor's Academic Dishonesty Policy at the end of this syllabus.

If you cheat, and if I catch you, you will receive a zero for the course! If you withdraw before the official drop date, I will have you reinstated so that you will receive the zero that you have earned.

You must copy and paste and send to me via a special link inside EO-CANVAS an acknowledgement of this Academic Dishonesty Policy Statement before you will be allowed to take any tests or turn in any written assignments.

Attendance Policies

Attendance Policy for Online-Only Courses

You must login to EO-Canvas a minimum of three times a day for a minimum of one-two hours a day during a mini-term. For Regular Term (16 week), Second Start (12 week), and F8A&F8B (8 week) classes, you must be logged in five days a week for a couple of hours or more each day. If you're not doing your job your grade might be penalized! Just so you know: your instructor can track every page you access, every time you log in, how long you are online, and everything that you do online in EO-Canvas and in any online components related to your textbook.

Attendance Policy for F2F and Hybrid Courses Only

You must be in class on the days and times our class meets AND login to EO-Canvas a minimum of three times a week for a minimum of one-two hours a day during a mini-term. For Regular Term (16 week), Second Start (12 week), and F8A&F8B (8 week) classes, you must be logged in three or more days a week for a couple of hours or more each day. If you're not doing your job your grade might be penalized! Just so you know: your instructor can track every page you access, every time you log in, how long you are online, and everything that you do online in EO-Canvas, in any gradable activity, and any online components related to your textbook.

Student Conduct

Any student who is disruptive and engages in any behavior that reasonably I find unacceptable will be asked to leave the classroom or locked out of the course. Serious disruptions will result in the Campus Police being called and an administrative withdrawal from the course. Disruptive behavior includes but is not limited to: inappropriately challenging the instructor; belligerence toward the instructor or other students; drawing a fire arm (loaded or not) or a bladed weapon in a scabbard or not; verbal or physical threats or intimidation directed toward faculty, staff, or students; verbalizing inappropriately, foul or obscene language, personal attacks, lack of consideration for diversity, racist, sexist, ageist, or other unacceptable language.

- Because you are adults, I expect you to behave like adults and to monitor your own behavior.
- All students are expected to abide by the rules in the [HCC Student Handbook](#) and the [HCC Student Catalog](#)
- It is your responsibility to read and understand all of the course requirements in this syllabus and in EO-CANVAS; if you have any questions it is your responsibility to ask ONLY AFTER you have read all of the HCCS and Sociology Instructor's Requirements and Rules.
- During class/on-line discussions, it is imperative that students with differing opinions be respected even if you disagree with those opinions.
- A college classroom (including an on-line classroom) should be a safe forum for expressing ideas and concepts that may be out of the mainstream.
- Foul or obscene language, personal attacks, lack of consideration for diversity, racist, sexist, ageist, or other unacceptable language will not be tolerated during discussions or at any other time. Students who engage in such behavior will be locked out or asked to leave.
- Serious disruptions will result in the Campus Police being called and an administrative withdrawal from the course.
- You must copy and paste and send to me via a link in Assignments in Eagle Online an acknowledgement of the Academic Dishonesty Policy Statement by the due date that is in your calendar in EO-Canvas.
- Two or more students turning in, in whole or in part, identical written assignments. This is also called collusion, which is "the unauthorized collaboration with another person in preparing written work offered for credit." If you work with another student or group of students on homework assignments, each student must turn in their own work. Turning in, in whole or in part, identical assignments is collusion, which is cheating!
- Copying or using in any way any material from the Internet and passing it off, in whole or in part, as the student's own work. This is called plagiarism, which is "the appropriation of another's work and the unacknowledged incorporation of that work in one's written work for credit."

The [EGLS³](#) (Evaluation for Greater Learning Student Survey System) will be available for most courses near the end of each long term until finals start. This brief survey will give invaluable information to our faculty about their teaching. Results are anonymous and will be available to faculty and division chairs after the end of the term. EGLS³ surveys are only available for the Fall and Spring semesters and are not available during Mini terms or Summer semesters due to logistical constraints. Campus Carry

You may have the right to carry deadly weapons on our campuses (fire arms and explosive devices in or out of a holster or container and bladed weapons in or out of a scabbard, etc.) but you do NOT have the right to display them peaceably or threateningly in my classroom. Concealed carry means concealed! If you are unsure of the law, please read <http://www.hccs.edu/district/departments/police/campus-carry/> which is information about the Campus Carry Law in Texas.

HCC Email Policy

When communicating via email, HCC requires students to communicate only through the HCC Email system to protect your privacy. If you have not activated your HCC student email account, you can go to HCC Eagle ID and activate it now. You may also use the Eagle Online-Canvas Inbox email system to communicate with HCC faculty and staff.

Housing and Food Assistance for Students

Essential Needs for Students

Any student who may be facing challenges in affording or accessing sufficient food to eat every day, or who lacks a safe and stable place to live and believes this may affect their performance in this course, is encouraged to contact the Dean of Student Support Services. Additionally, please notify your Instructor (me) if you are comfortable in doing so. This will enable me to provide you with guidance on resources that I am aware of relating to essential needs.

<h3>Grading of Activities, Peer Reviews, Feedback, TurnItIn®, Assessments</h3>
<p><i>Grading of Activities</i></p> <p>Sociology Instructor Ruth Dunn grades everything you submit except the quizzes and assignments that are linked to your textbook and are automatically graded by that system. Your instructor monitors but does not grade activities related to your textbook.</p>
<p><i>Peer Reviews</i></p> <p>Depending on the course you are taking, some of your written activity may be Peer Reviewed. The Peer Reviewers are your fellow students, not sociologists or faculty members. The grade you are given by a Peer is not necessarily the grade that you will receive from your instructor. Just because the Peer Reviewer thinks you should have an “A” does not mean that your Instructor will think that is the grade you deserve. Ms. Dunn grades based on the Rubric for that particular type of activity and you have access to the Rubrics and are REQUIRED to use them to guide your writing. The Peer Reviews are graded by your Instructor, but the grade given by the Peer Reviewer does not count as a grade for the student activity being reviewed. The Peer Reviews help me to understand how much students know, how well they are internalizing the required readings, and whether they know how to actually do the written activity. The only grade that</p>

matters is the grade that I give an activity. Nothing else is important in terms of grading except the grade Ruth Dunn assigns your activity.

Feedback

If you have a problem with a grade for a written activity, you need to look at my comments that are embedded in your assignment and in the comments section of the Rubric and the commentary section at the end of the grading. The Feedback I give you is to help you understand what you need help with. If I tell you that you must get tutoring, you must get tutoring. Tutoring is not a hindrance, nor is it a punishment, it is a way for you to improve your skills so you must take advantage of that help when I insist. Please don't ask me what you did wrong if you have earned a poor grade until you have read all of my Feedback first. Then, if you still don't understand, we probably need to meet and discuss your performance and how to improve it.

TurnItIn®

TurnItIn® is a software package that is purchased by HCCS and that Ruth Dunn uses so that when you run it, which you are REQUIRED to do BEFORE submitting a gradable activity that will be graded by your Instructor, you will know if you are plagiarizing. This software can also check your grammar and spelling. TurnItIn® is not graded by a human being, it is an algorithm and assesses your written work based solely on that algorithm. Whatever it says is to help you to be a better writer! Your Instructor does not use TurnItIn® to help her grade, she uses it only when she has a high degree of confidence that someone did cheat. If she believes that she has caught a cheater, TurnItIn® can let her know if she's correct or not. She then grades your activity based on that information, but your Instructor does the grading.

Assessments

There may be short daily quizzes over the REQUIRED READINGS from your textbook. Quizzes and other assignments will be in EO but link to online components related to your textbook. There may be daily assignments and quizzes that are also in EO but link to online components related to your textbook. There is no final exam for this course. The cutoff time for the online components related to your textbook, quizzes and assignments will be 11:30 PM every Sunday. You can't make these up, once the time limit has passed, and I will not reopen the quizzes and/or assignments. There will also be interactive student activities in F2F and Hybrid Classes that will be graded and cannot be made up.

Use of Electronic Devices in the Classroom Policy

The use of electronic devices by students in the classroom is up to the discretion of the instructor. Any use of such devices for purposes other than student learning is strictly prohibited. If an instructor perceives such use as disruptive and/or inappropriate, the instructor has the right to ask the student to terminate such use. If the behavior continues, the student may be subject to disciplinary action to include removal from the classroom or referral to the dean of student services for further disciplinary action. <https://www.hccs.edu/media/houston-community-college/district/pdf/2018-2019-Student-Code-of-Conduct.pdf>

Students must obtain consent from an instructor in order to audio or video record any portion of classroom time. If a student is receiving an accommodation for a disability, the student may be required to sign a statement assuring that the recording is only for personal use and will not be distributed. Failure to abide by this policy may result in disciplinary action. <https://www.hccs.edu/media/houston-community-college/district/pdf/2018-2019-Student-Code-of-Conduct.pdf>

You may, if you wish, make Audio and/or Visual recordings of our F2F classes for your own use to help you study and catch up on any discussion by your instructor or fellow students that you might not recall as clearly as necessary for your greater understanding of the course work. You may not and must not upload to any website of any kind anything

that you might have recorded in our classroom. What is discussed in a F2F classroom, is proprietary to HCCS, the publisher of your textbook, and your instructor. Inappropriate behavior with anything recorded in any way in one of Ruth Dunn's courses will result in a major deduction of up to two letter grades to your final course grade.

Internet Outage Policy

If your Instructor experiences an Internet service outage or a power outage that significantly affects the timing of distributing on-line assignments, or in any way appreciably hinders the Instructor in communicating with students, adjustments to due dates and/or grades will be made appropriately. If there is any official notification from HCCS concerning downtime of the EO-CANVAS Internet course server that would affect distributing assignments, or in any way appreciably hinders the Instructor in communicating with students, adjustments to due dates and/or grades will be made appropriately. This policy pertains only to the Instructor's INTERNET SERVICE or to HCCS's Internet course servers, not the students' computers or Internet access. No one at HCCS can monitor or verify outages at student sites and student access is not the responsibility of HCCS. Students are responsible for making sure that they have continuous, reliable Internet access in order to complete this course. It is YOUR responsibility to make sure that I have received any assignments that have been submitted online by checking daily your gradable activities.

Studying

Many students who are fresh from high school, or older students who have been out of school for some time, do not understand the necessity of dedicated study time while in college. The rule of thumb for studying is 3 hours of study time outside of class for every hour spent in the classroom—this translates to 9 hours of study time per week for each course you are taking. Regular, routine, daily study is much more effective than “cramming” at the last minute. Regular log-ins, keeping up with assigned readings, taking complete and comprehensive notes, reviewing your notes regularly and often, looking over any handouts, beginning assignments as soon as they are available, forming study/discussion groups with other students who are taking the same course from the same instructor, being alert and attentive in class, participating in discussions, asking questions, and asking for clarification for any material that you don't understand, are all necessary skills to develop and use while you are in college. Good study habits really do lead to good grades! The document Student Success Skills for the Social Sciences that is available on my site on the Learning Web will help you to understand how to study for this class. If you need [tutoring](#), or if your instructor tells you that you must get [tutoring](#), [Click Here!](#)

Suggestions for Improving Your Course Grade

You may turn in any written assignments two or more class days before the due date by submitting the assignment in the EO-CANVAS Assignments link as an attachment. I will correct the assignment and will make suggestions for improvement and I will send it back to you as an attachment for corrections in the EO-CANVAS Assignments link. Students who avail themselves of this offer almost always earn “A's” for their assignments if they follow carefully all of my instructions. You may submit to me your assignments in the EO-CANVAS Assignments link for early turn in no later than one week before the due date that is in the Due Dates in the Calendar in EO-CANVAS. All assignments turned in on the due date will be considered complete and finished and may not be rewritten. No attachments will be accepted in Online Discussions for this class. Please copy and paste into the text box for the Discussions. [Click Here if you need tutoring](#). Submitting Written Work

Written and Oral Assignments, Data, Statistics, Legitimate Sources

Research papers and any other written activities for our class will require a Works Cited page which is usually the last page of your assignment. A Works Cited page lists all of the sources you used to complete the required work. There is an example of a correct Works Cited page in the Modules Tab in EO-Canvas.

Legitimate Sources

The Internet has a wide variety of sites offering a wide variety of ideas, fake “facts,” “alternative facts,” real and accurate facts, fantasies, conspiracy theories, and just plain crap about almost any topic you can think of. In order to make sure that you are using legitimate sources, you will be supplied with a list of websites in the Modules Tab in EO-Canvas that are vetted and approved by your instructor and by librarians throughout the United States. If there is a website or a news source that you want to use that is not on this list, you **must** get your instructor’s permission to use it. Your textbook is always a legitimate source, you don’t have to get permission to use it. A fact cannot be fake, and something that is fake cannot be a fact. We are going to be learning how to find legitimate sources and true, accurate, scientifically provable facts. Science can be faked, but the science we will be studying is true and accurate to the best of our ability to discover given the current state of our knowledge and knowledge gathering techniques.

False Science and False Facts

For almost all of the written work in this class you will be required to find and use data and statistics from legitimate sources; you can have your opinions, but don’t use them unless I’ve given you permission or requested them. If you submit a gradable written activity that uses falsities, that openly lies, or wallows in nonsensical conspiracy theories, and pseudo-science, you will receive a zero for that activity that cannot be made up. Accepting lies, untruths, pseudo-science, “alternative facts,” anecdotal evidence, and pure BS is an increasingly dangerous practice that is becoming more and more prevalent in today’s political and sociocultural environment which means that we must always stand firmly on the side of objective truth, provable science, and factual information from legitimate sources. We will adhere to such strictures throughout our course and throughout our time together. If you do not follow these rules your grade will suffer.

Please do not tell me that we don’t need science because none of it is real; what a comment like that tells me is that you are not ready to learn, that you are being intellectually lazy, and that you think what you are saying about science is very, very clever, but it’s not—it’s just showing your ignorance and immaturity, and that will not be tolerated. There is no Loch Ness Monster, Area 51, Bigfoot, Sasquatch, *La Llorna*, Chupacabra, humanoid vampires, lycanthropy, aliens from other planets, people living under or inside volcanoes, a flat earth, or any other such nonsense. No scientific evidence has ever been found that any of these things exist. My grandmother told me fairy tales about magical creatures who live in the Arctic Circle. I loved my grandmother but those creatures don't exist no matter how much she might have believed them to be real. However, if you have ever been a voting member of an Althing, and if the country you come from builds highways and other transportation systems in a way that protects the *huldufólk*, and you can prove you come from that country, I might give you some leeway.

Required Library Research and Writing Course

There is a [Library Research and Writing Course](#) that you must complete before you have access to your course material. It will also help you to recognize legitimate sites and how to disregard biased or illegitimate sources. If you're not sure about a source, ask!

Ruth Dunn’s Academic Dishonesty Policy

Most students are honest, hard-working, diligent, thoughtful, and are attending Houston Community College in order to learn and improve in some significant way their lives. Unfortunately, there are a few students who make it necessary to develop classroom policies to deal with academic dishonesty. Therefore, the following set of policies will be used in order to discourage and reduce academic dishonesty (cheating). **This policy expands on the policy of Houston Community College as stated this syllabus and in the [HCCS Student Handbook](#).**

I have read and I understand Ruth Dunn’s policy on academic dishonesty. I have read the academic dishonesty information that is on the last page of the syllabus and the Academic Dishonesty Policy Statement on this page. I understand that any academic dishonesty will result in a failing grade for the assignment or test, a failing grade for the course, withdrawal from the course with an F, and a written notice placed in my academic file.

I understand that if I receive an F for cheating and decide to drop the course, Instructor Dunn will have me reinstated and my grade will be changed from a W to an F.

You must copy and paste and send to me via a special link inside the **EO-CANVAS Assignments Tab** an acknowledgement of the Academic Dishonesty Policy Statement (which will be found on the last page of this syllabus) before you will be allowed to take any tests or turn in any written assignments. I have retained this policy statement for my own records.
