Course Grading Criteria, Instructor's Requirements, and Course Calendar

Instructor Grading Criteria

There will be a 1,000 point system used to determine the grade for this course per the following:

MIL Assignments	40%
Eagle Online Assignments, Quizzes, Participation	10%
Mid-Term Exam	20%
Final Exam	30%
Total	100%

Grades:

A	1000 - 900
B	899 - 800
C	799 - 700
D	699 - 600
F	599 - 0
FX	Failed due to lack of participation

Instructor's Requirements

- Flash Drive:** Required for On-Campus students and you will need a 128MB or larger flash drive by the second day of class. We will use this flash drive to store your student data files and assignments.
Recommended for Distance Education students to use a flash drive for portability and security of their data.
- TEXTBOOK** – You must purchase the textbook from an HCC bookstore, as the book comes in a bundle with other required information. If you would like to purchase the textbook online, you may purchase it directly from the publisher at www.mypersonstore.com (use the ISBN number located in the area above as long as you are not using financial aid). More information is covered within Topic 2 of the course, within Eagle Online.
In addition, **you must obtain the books during the first week of course**, at the latest, by the end of the 2nd week or you will fall very behind. There is a special access code that is supplied with our bundle (that is otherwise \$90) that is used right away!
- COMMUNICATION - Quickmail in eo2 course** will be the communication tool to compose email to your instructor. Emails from your instructor will go to your HCC student email account. Make sure to read your HCC email account regularly since your instructor will be using this address to communicate with you. Your emails to me using this Quickmail tool will go to my HCCS email address and the system will automatically identify that the email is coming from a particular course. If you send email direct to me without using the Quickmail tool, then you must put in the proper subject line with the **CRN, course name, and your fullname in the format [CRNXXXXX-ITSC1301] YourLastname, YourFirstname**. **Any emails received without this information in the subject line will just be returned unanswered.**
- Adequate Windows PC hardware** including a 1 GHz or faster CPU, 1GB or more of RAM, graphics card with 128 MB of memory, 4 GB of disk storage space and handle multimedia items (sound and maybe a microphone [suggested but not required this semester]).
- Windows 7** Operating System
- Firefox, and Chrome web browser**
Firefox (preferred web browser) to use for Eagle Online – free online at <http://www.mozilla.com>
Chrome (preferred web browser) to use for MIL – free online at <https://www.google.com/intl/en/chrome/browser/>
- Adobe Reader software** - free online at <http://www.adobe.com>

8. **High speed Internet access** (DSL or cable - dial up will NOT work)
9. **MIL software** to be used to access simulation exercises at the MIL website (This is provided as part of your textbook when purchasing your books via the HCC bookstore or Publisher). You will be given setup instructions in **Topic 3 of the course**. Make sure you have the access code provided to you in your book bundle before beginning enrollment/registration.
10. Make sure you keep track of your two user ids (one for Eagle Online, and another one you will create in Topic 5 for MIL).
11. You must have **administrator rights** to setup the MIL software
12. You must be **self-motivated** in order to be responsible for completing work on time, and without constant reminders. This class moves at a fast pace and staying ahead of schedule is the key to remaining on track.
13. You must have access to the necessary computer resources stated above. **Please note, the network or computer going down the night before an assignment is due is NOT a valid excuse**. Assignments have ample lead time before the Official Due Dates to allow for these types of situations. Start work early and submit your work early and you should not have a problem. If you have internet or computer problems you must be willing to use other resources, such as the HCC open labs.
14. **STUDENT ATTENDANCE/PARTICIPATION IS MANDATORY:** As a DE section or On-Campus section of this topic, you must make satisfactory progress in this course. **DE Course Orientation** students are expected to complete the Distance Education Department's orientation. You complete an orientation for each course you are taking. Click on the "Orientations" link on the Distance Education's home page at: <http://de.hccs.edu> After completing the required online orientation you can access the course by using the "Go To Class" or you may go directly to Eagle Online web site directly at: <http://eo2.hccs.edu>

As a DE section or On-Campus section of this topic, you must make satisfactory progress in this course. DE students must login to their course(s) on a regular basis. DE students who do not login and actively participate before the Official Date of Record – **08/31/2015 will be AUTOMATICALLY dropped for non-attendance (when the roster is marked accordingly by your instructor)**. Completing the DE online orientation does not count towards attendance. **"Active Participation"** for the DE students **will include** completing the Topic 1 and Topic 2 in the course. Students may be withdrawn if the student misses submitting **three consecutive** assignments or quizzes **that total to more than 12.5%** of the course work prior to the last day to withdraw with a W, which total more than 89 points. On-Campus students may be withdrawn if the student is absent 12.5% of class periods. Contact the instructor if you are having a problem (our course is on a 1000 point scale). If you decide to quit participating in the course **before** the Last Day for Administrative/Student Withdrawals, **you may withdraw yourself**. The withdrawal deadline is **09/28/2015** After the withdrawal date deadline, the instructor is not able to withdraw you. If you quit participating in the course **after** the Last Day for Administrative/Student Withdrawals, you will receive an FX for your grade. If you receive an FX as your grade, you may or may not have to return the financial aid. This will apply to all students. **Incomplete grades are rarely given**. **Some students think they will automatically be withdrawn if they quit participating. That is NOT always the case.**
15. **Please refer to student hand book regarding cheating.** Students may ask questions to other students, to me, or to anyone else. This is how we learn and I encourage it. HOWEVER, all work must be started and completed in its entirety on your own. If it is found that students are sharing the same files, and then making minor changes to submit the work as their own, students will receive a 0 on the assignment and may possibly be removed from the class.
16. **Assignments** must be submitted and quizzes taken by 11:55:00 PM (on OUR CLOCK) on the **"Due Date"**. The **"Due Date"** is **the last possible date you can turn in the assignment**. Remember, successful students work ahead and stay ahead by completing the Quizzes and submitting the assignments before the **"Due Date"**, but never after the **"Due Date"**.
17. If you are having problems completing course materials on time (by the "Due Date"), chat with the instructor. If you have over scheduled your life (working 40 hours a week and taking 15 credit hours of college instruction), have computer problems (my computer is broke and I don't know when it will get fixed) or don't have a textbook (cannot buy one until payday) – DON'T BE SURPRISED if the instructor suggests you should withdraw from the course. In other words, the instructor will expect materials to be submitted by the **"Due Date"**. However, under unusual circumstances (death or illness in the family and other items that greatly disrupt your life), the instructor might be willing to accept late materials. But the time to chat with the instructor is when the problem arises not after something is **"Due"**. Don't wait until the **"Due Date"** to announce that you have a problem and would like some consideration; again – you might not get much sympathy.
18. The **Final Exam:**

On campus classes – the Final exam is comprehensive, CLOSED BOOK during the HCC scheduled final exam week.
On Campus class will take the exam on **Thursday, 10/15/2015 at 9: 00 Am**.

Distance Ed classes require an on-campus visit. It is scheduled for Friday and Saturday at Campus

One special note: Failing the Final Exam (less than 60%) may cause you to fail the course regardless of what your grades have been on the assignments. Final grade will be determined by your Instructor.

Eagle Online and MIL Requirements

EAGLE ONLINE DELIVERY OF INSTRUCTION: This course is delivered to the student using Eagle Online (educational delivery software). Basically, the Eagle Online website is where you will go to enter our virtual classroom! The Distance Education site has links to get you access to the correct Eagle Online course area ONCE YOU COMPLETE THE DISTANCE EDUCATION ONLINE ORIENTATION.

Eagle Online USER ID: Your Eagle Online login user ID will be your HCC User ID (sometimes referred to as the “W” number). All HCC students have a unique User ID. If you do not know your User ID, you can look it up by visiting the HCC home page. If you have never logged into Eagle Online (or Moodle) at HCC, the password will be “distance”:

- To log into Eagle Online, go to <http://de.hccs.edu> and click on the [Course resources](#) link. **MAKE SURE AND COMPLETE THE ORIENTATION FIRST!**

Eagle Online TECHNICAL HELP: Go to <https://eo2.hccs.edu/login/index.php> and click on the [HCC Eagle Online support website](#) link. Within our Eagle Online course there is also a [Student Help Desk](#) link located at the top of the course.

POP UP? If a pop-up is blocked, you will need to set your pop-up blocker to allow pages from our [Eagle Online](#) site. *The technical requirements section of the orientation will discuss how to allow pop-ups from Eagle Online. The HELPDESK button will explain this as well, located at the top of the course. Do this before beginning our course as many of the early links in the course are pop-ups!*

MIL: The course materials are available under Eagle Online. In addition, all students in this course will need to access the <http://www.myitlab.com> website to complete the majority of our assignments. This site will require you to setup MIL on your computer. **More information on this within Topic 5 of our course.** Chrome is the preferred browser to access MIL.

MIL TECHNICAL HELP: Go to [Student Support Website](#) or you may call the Pearson MIL support line for help at (800) 677-6337 Monday through Friday, Noon to 8PM EST

POP UP? You will also need to allow pop-ups from our MIL site. This is discussed within Topic 5 of our course.

Other Requirements

Meningitis immunization requirement: Texas Senate Bill 1107 passed in May 2011, requires that new HCC students and former HCC students returning after an absence of at least one fall or spring semester who are under the age of 30 are required to present a physician-signed certificate showing they have been vaccinated against bacterial meningitis. All students will have to satisfy this requirement prior to enrollment.

EGLS3 - Evaluation for Greater Learning Student Survey System: At Houston Community College, professors believe that thoughtful student feedback is necessary to improve teaching and learning. During a designated time, you will be asked to answer a short online survey of research-based questions related to instruction. The anonymous results of the survey will be made available to your professors and division chairs for continual improvement of instruction. Look for the survey as part of the Houston Community College Student System online near the end of the term.

Course Calendar

DUE DATE TIMES ARE 11:55pm on the day they are due!

Looking below we see that, Topic 1 and 2 has both EO2Lab & EO2Quiz assignments. Topic 4 has EO2Lab assignment and MIL assignment, and all other Topics 5 to 8 and 10 to 15 will have MIL assignments, while Topic 9 and 16 will have MIL Exams to complete.

EO2Lab assignments are assignments that you will do on your PC and upload into Eagle Online. The points for these assignments are designated below. Not all Topics will have this type of assignment.

MIL Assignments will be done on the MIL website or uploaded into MIL. All your MIL grades (Assessments) will be averaged together. The approx. *points* for MIL assignments are designated below. MIL grades comprise 40% (400 points out of 1000

points) of your final grade.

Note: DUE DATE is last possible date assignment can be submitted. It is highly suggested that you submit assignments SOONER.
