

## *Alief Arts*

Art Department Visions  
by Stanley Kaminski

# studio classrooms 30' x 37'

- high ceilings: 14" or higher
- large windows facing north
- 1 blackboard 4' tall x 10' wide
- At least 1 large sink (slide included later)
- 8' tall pin board attached to all walls
- Large industrial sink (slide included later)
- 2' x 7' built-in counter space
- 7 built-in cabinets around, below and above the sink (dimensions 1' x 1' x 2' each cabinet)
- Flat built-in storage shelves (dimensions: height 7' x depth 3' x width 10') six shelves 1' high (slide included later)

**We need utility sinks with high faucets and ample room for three people to use at once. This is what students in our program need.**

Nine 30" x 72" tables like these are needed for each room. Note the wooden work surface. Spring Branch 112, 113 and 108 currently use tables like this.

Regular chairs, like we use at Spring Branch, work with these tables.

For drawing classes, each room will  
ALSO need a drawing horse bench like  
this for each student to use.

Each painting student will  
need an easel like this.

## 2 Art History/Art Appreciation lecture rooms

- Seating capacity: 30
- No windows
- Harvard style: tiered, row tables with a/c outlets between each place, attached cushioned seats, amphitheatre shaped room
- 20' wide x 5' tall blackboard
- Large retractable projection screen with media projection system with podium controls for PC and Macintosh with DVD, and Visual Presenter

Harvard style lecture room: tiered,  
row tables, amphitheater shaped

# 1 Art Gallery

- 100 running feet of wall space
- 14' ceilings
- fluorescent spot track lighting
- Gallery entrance located near the busiest entry door/hallway (as it is now)
- 50% of drywall surface to be reinforced with  $\frac{3}{4}$  inch plywood
- 18 sculpture pedestals

**We also need additional administrative and staff assets to manage these additions to the program.**
