COURSE EXPECTATIONS CONTRACTUAL AGREEMENT

**RNSG 2263
CLINICAL-MENTAL HEALTH NURSING**

I _____, have read the syllabus and fully understand the expectations of me as a student in this clinical course.

My signature below signifies my willingness to comply with the course requirements.

Signature: _____ Date: _____

I. COURSE DESCRIPTION:

A method of instructions providing detailed education, training, work based experience, and direct patient/client care, in community and hospital settings. This course is designed to introduce the student to mental health needs of individuals and families across the life span. The focus is on communication skills, psychiatric disorders and various treatment modalities. Clinical activities include nursing care of clients in community and hospital setting. On-site clinical instruction, supervision, evaluation, and placement are the responsibility of the college faculty. Clinical experiences are unpaid external learning experiences.

II. PRE-REQUISITES: AS PER ADN HANDBOOK POLICIES

III. CO-REQUISITE: RNSG 2213

IV. COURSE OBJECTIVES:

1. Determine the mental health status and mental health needs of clients and families across the life span with disordered behavior problems based upon interpretation of health data in collaboration with clients, families, and other health care professionals.
2. Formulate goals and plan of care for clients and their families with mental-health problems based upon analysis of the data in collaboration with clients, families, and other health care professionals.
3. Implement the plan of care within legal and ethical parameters using various therapeutic treatment modalities to assist clients and their families to meet health care needs safely.
4. Use principles of therapeutic communication with clients and families in collaboration with other health care professionals.
5. Design a teaching plan based upon identified learning needs of clients and their families concerning health promotion and health maintenance.
6. Use various methods to evaluate client and family responses to therapeutic interventions. (i.e., Abnormal Involuntary Movement Scale)
7. In collaboration with other health care professionals, manage a therapeutic milieu with a group of clients in a hospital or community setting.

8. Use principles of psychopharmacology to identify safe and effective clinical management of clients taking psychiatric medications through assessment, diagnosis, and treatment.

V. METHODS OF ACCOMPLISHING LEARNING OUTCOMES

1. Classroom lecture/ discussion
2. Multimedia – Computer Aided Instruction
3. Independent study of assigned topics
4. Clinical Experiences

VI. EVALUATION

A. CLINICAL GRADING:

Criteria for passing the clinical portion of the course include all of the following:

1. The student must submit two satisfactorily written process recordings of two Therapeutic conversations.

Each Process Recording is worth 10% for a total of 20% of your clinical grade.
Due Date: On or before September 9th in clinical; Week of September 23rd in clinical.

2. Students must submit one care plan which obtains a grade of 75 or greater. Failure to obtain a grade of 75 on any care plan will result in the student's submitting an additional care plan within one week of the initial failure. This new care plan (**not a revised care plan**) must obtain a grade of 75 or greater. The care plan must be submitted and graded before the end date for care plans, or the student will not achieve a passing grade in the clinical course.

Care Plan = 25% for a total of 25%.
Due Date: Week of September 23rd in clinical.

3. All students are required to attend a two Twelve-Step Program meetings. Selected Twelve Step Program meeting must be approved by the instructor prior to your attendance. Two written papers concerning the Twelve Step meetings are required. A score of 75 or greater is required to receive credit for this experience.

Twelve Step Paper = 5% each for a total of 10% of your clinical grade.
Due Date: Week of September 2nd in clinical; Week of September 9th; in clinical.

4. All students are required to submit a weekly clinical journal related to situations encountered in the clinical settings.

Six weekly clinical journals are worth 10% of your clinical grade.
Due Date: Every week in clinical

B. 5. COMMUNITY SERVICE:

The student will be required to complete 24 hours of community services related to mental health issues. **Community service hours are due for the first eight weeks group during the last clinical day. Please submit required hours to clinical instructor.**

Acceptable agencies for community services: [The Beacon](#)

Please click on the link below and take a moment and complete our Beacon Volunteer on-line registration. Following submission, you will receive an e-mail with your own personalized logon (your e-mail address) and password with which you will be able to directly access our on-line volunteer scheduler.

<https://www.volgistics.com/ex/portal.dll/ap?AP=229568553>

Use our on-line volunteer scheduler;

1. Modify your contact information
2. See which shifts are open
3. Schedule yourself.
4. Check your total service hours.

After you register you will receive instructions on how to do the above- mentioned activities.

*Please review the “**Indemnity Release Form**” attached. Please print and sign it and bring it with you when you come to volunteer the first time.

**Please visit our website at www.BEACONhouston.org for more information about our entire organization.

713 957-0099

Colonial Oaks
11395 Richmond Avenue
Houston, Texas 77082
281759-2900
Charlotte Shepard (contact person)

Due Date:

6. Clinical evaluation is an ongoing weekly process and will be formally conducted once during the semester. Students whose performance is in need of improvement are counseled by the faculty and so informed in writing.

Behavior of any student that endangers the lives’ of clients, other people, and/or oneself may lead to removal of that student from the clinical facility.

There may be additional written work as assigned by your instructor dependent on the particular needs and types of clients. In addition, if a student turns in work late the instructor may elect not to accept the work, or deduct points from your clinical grade.

GRADING SCALE:*

A = 90 – 100
B = 80 – 89
C = 75 – 79
D = 60 – 74
F = below 60

*In order to pass the clinical component of Psychiatric Mental Health nursing, RNSG 2263, one care plan must have a grade of at least 75. If your care plan grade does not meet 75 or greater, you will not pass clinical regardless of your cumulative grade.

VII. ATTENDANCE AND TARDINESS

A. CLINICAL:

Students are expected to attend all scheduled days of clinical experience. Students are also responsible for notifying the instructor and the assigned hospital clinical nursing unit, before duty time, if he/she is going to be absent or anticipates tardiness. Clinical absences are unacceptable. Any absence of scheduled clinical time will result in a deduction of 10% per occurrence to the final grade. A student who fails to arrive at the designated place at the designated time is considered tardy. One (1) instance of clinical tardiness will result in the student being counseled for unprofessional conduct. Arriving at the clinical site more than 30 minutes late will result in the student being dismissed from the clinical area and marked absent.

VIII. REQUIRED TEXTBOOKS:

- A. **Townsend Mary, C. Essentials of Psychiatric Mental Health Nursing (Concepts of Care in Evidence-Based Practice); F.A. Davis Company, 5th edition, 2011.**
- B. **Recommended Reading:** Any supplemental reading materials or learning tools will be announced by the instructor of the course.
1. *American Nurses' Association: A statement on psychiatric mental health clinical nursing practice and standards of psychiatric-mental health clinical nursing practice.*

IX. POLICIES:

All students will adhere to HCCS policies as delineated in the HCCS and ADN handbooks.

X. SPECIAL NEEDS:

Students with special needs should refer to the procedure identified in the HCCS Student Handbook. The procedure may be started with a phone call to the Coleman College Disabilities counselor.

XI. LEARNING ACTIVITIES

A. Contemporary Technology

1. Computer Assisted Instruction
2. Classroom Instructional Software
3. Videos
4. Medline Access

B. Concept Reinforcement

1. Clinical experiences
2. Critical thinking scenarios
3. Seminar activities
4. Study Guide exercises
5. Current research findings and literature discussion
6. Individual faculty-student conferences
7. Presentation with Tri-fold Brochure

C. Clinical Activities

1. Community Agencies
2. Provide supervised nursing care for clients in selected hospitals and/or community mental health clinics

XII. METHODS OF EVALUATION

1. Completion of clinical requirements with a grade of 75 or greater.

XIII. REFERENCES

1. Required textbooks
2. Current nursing professional journals/periodicals (within the last five years)
3. Current edition of **Publication Manual of the American Psychological Association**

**POLICY AND PROCEDURE STATEMENT
RE: CLINICAL BEHAVIORS**

INTRODUCTION/PURPOSE:

The clinical component for the A D N courses is graded on a Pass/Fail basis utilizing a summative tool at the end of each clinical rotation. The purpose of this statement is to identify the procedure and consequences for unsatisfactory behaviors. These procedures should be initiated upon the occurrence of the unsatisfactory behavior or action rather than at the conclusion of the clinical rotation.

Clinical behaviors that are normally dealt with fall into three categories: The **first level** identified as **BNI** (behaviors needing improvement) involve incidents such as uniform infractions and misunderstanding of care plan assignments. The **second level**, identified as **RNI** (reportable negative incidents) are more serious infractions which necessitate more serious recognition and remediation. An example might be the failure to report vital signs not within the normal range or repeated failure to report to the clinical area without the appropriate preparation. The **third level**, identified as **RNCI** (reportable negative critical incidents) indicates a **very serious infraction** which has endangered or impaired a life. These behaviors correspond to the Critical Elements that the faculty has identified as *Safety, Accountability, and Confidentiality*. An example might be a medication error that impaired a life or side rail left down resulting in patient injury. Student behaviors related to the Critical Elements are starred on the Clinical Evaluation Tools. **Three RNI's or the occurrence of 1 RNCI (reportable negative critical incident) may result in a student being dismissed from the A D N program upon recommendation of a 5 member faculty committee.**

PROCEDURE:

Level I - BNI (Behaviors Needing Improvement)

1. Identify the behavior to the student and counsel as needed.
2. Document behavior or action via the ADN's "Prescription for Success" form or an HCCS Contact Action Form.
3. Observe and document correction of behavior or action.

Level II - RNI (Reportable Negative Incident) - May be a more serious offense as described above or repetition of a particular BNI.

1. Identify the behavior or action to the student.
2. Fill out a Contact Action Form **and** designate the incident as an RNI and submit it to the campus Department Head.
3. The Department Head will then activate a 5 member faculty hearing committee to determine if the offense warrants elements being **one of the three RNI's**.
Three RNI's approved by a 5 member faculty hearing committee may result in the student being dismissed from the A D N program at any point during the course of study.
4. If the RNI was not approved, the incident is filed only as a BNI and the student will be required to do remediation designated by the committee.

Level III - RNCI(Reportable Negative Critical Incident - One in which life is impaired or endangered)

1. Steps 1 and 2 as above, **however** the Contact Action must be identified as an RNCI (reportable negative critical incident).
2. Step #3 as above, however, the Faculty Committee must now determine if this behavior warrants removal of the student from the program or decide if this is one of the three RNI's.
3. If the Reportable Negative Critical Incident report is accepted by the committee, **then institutional policy is followed to remove the student from the program.**
4. If an RNI status is granted, then assigned remediation must be performed by the student.

My signature below signifies that I have read and fully comprehend the above policies and procedures with their accompanying implications.

GRADE COMPUTATION

Student Name: _____

Process Recordings (10% each): _____ x.20 = _____

Care Plan (25%): _____ x.25 = _____

12 Step Papers (5% each) _____ x.10= _____

Weekly Clinical Journals (10%) _____ x.10 = _____

Community Service 24 Hours _____ x.35 = _____

Absence: _____

(absence 10% of grade/per absence)

Failure to perform and submit at least one AIMS test (-5 points) _____

Cumulative Clinical Grade: _____

*In order to pass the clinical component of Psychiatric Mental Health nursing, RNSG 2263, one care plan must have an individual grade of at least 75 or greater. If your care plan grade does not meet this criteria, you will not pass clinical regardless of your cumulative grade.

PROCESS RECORDING GRADING FORM REQUIRMENTS

1. Process recordings should be focused with an appropriate topic for the interaction; namely, the objective/goal. The interaction should be no more than 30 minutes long with a concentrated effort by the student to observe and record the content and context of the focused interaction.
2. Turned in on time or five (5) points per day deducted from your process recording clinical grade if turned in late.
3. Documentation reflects student's sincere attempt at therapeutic communication. Student begins interaction with an appropriate opening, and directs interaction toward the established goal(s) and within the established boundaries. Refer to the Process Recording Grade Sheet for additional parameters.
4. Student is able to identify appropriate significant insights into their own behavior as well as the client's behavior (Defense mechanisms, content and context of interaction(s)).

PROCESS RECORDING GRADE SHEET

Name: _____

Date: _____

Five (5) points will be deducted for spelling, grammar, punctuation errors.
Five (5) points per day will be deducted for paper not submitted on time.

Criteria	Possible Points	Actual Points
1. Parameters: Student establishes parameters for session	6	
2. Clarification: Recognized when clarification is needed and validates with client during the interview	12	
3. Recurrent Themes: Identifies obvious, recurrent themes in the client's conversation	12	
4. Defense and/or coping mechanisms: consistently identifies mechanisms correctly	12	
5. Recognition of behavior: Recognized changes in the client's behavior and usually follows through with appropriate nursing interventions.	12	
6. Communications Techniques: Correctly uses a variety of therapeutic techniques. Consistently identifies techniques correctly. Identifies rationale for using various techniques. Conscious and therapeutic use of non-verbal communication. Provides restatement for any non-therapeutic statements in evaluation.	12	
7. Student's Thought and Feelings: Identifies own thoughts and feeling during interaction or on evaluation.	12	
8. Change of topic: Student changes the topic or the focus of the client's topic.	-5	
9. Closure: Student brings closure to the session in an appropriate manner.	6	
10. Goal(s): States goal(s) for interaction. Goal(s) is/are specific, realistic, and appropriate.	8	
11. Feedback: Student directs feedback toward behavior that the client has the capacity to modify	8	
Points deducted for late submission		
Points deducted for errors in spelling/punctuation/grammar.		
TOTAL	100	

COMMENTS:

TWELVE STEP PROGRAM PAPER REQUIREMENTS

Student Requirements:

1. Student must attend two 12-Step Chemical Dependency Program, one AA and one CA or NA group, where the group leader is a peer, not a professional.
2. Students will respect the anonymity/confidentiality of the group members. No last names or any identifiable criteria will be obtained from members of the group.
3. Student will dress appropriately (no shorts, t-shirts, tight clothes, etc). Students will not wear name tags or any other markings which will identify them as an HCC student. Student's focus in attending this self help program is NOT participation but observation of interactions within the group.

Directions for Paper:

After attending 12-Step meetings, the student will submit a typed (1–2 page) paper for each support group visited. The papers must include a grade sheet as well as the items listed below. 12 Step papers must be typed. Points will be deducted (maximum of five (5) points) for spelling, grammar, punctuation errors. There will be eight (8) sections in the paper, and each section will be labeled by the title of the alpha label, and will contain the descriptive response for that section. For example: a. Type of Group Attended; b. Philosophy of the meeting. Five points per day will be deducted for papers not submitted on time.

- a. Identify the type of group attended (i.e. Alcoholic Anonymous, Cocaine Anonymous, etc).
- b. Describe the philosophy of the particular 12-Step Meeting attended.
- c. Where was the meeting held and who sponsored the meeting?
- d. Discuss the demographic make-up of the group members
- e. What were the ground rules for the meeting?
- f. Describe the interactions that took place while the meeting was in session.
- g. Describe the primary theme or themes that seemed to dominate the group process. Were they directly or indirectly related to the stated reasons for the group meeting?
- h. Describe the major functional problem area(s) of the group members. How does abuse affect their life.

12-Step Paper Grading Sheet

Name: _____

Date: _____

Submit typed (2-3) page paper

Five (5) points will be deducted for spelling, grammar, punctuation errors.

Five (5) points per day will be deducted for paper not submitted on time.

Criteria	Possible Points	Actual Points
1. Identify type of group attended (A.A., N.A. etc).	5	
2. Describe philosophy of 12-step meeting attended.	15	
3. Describe/ discuss where meeting was held and who sponsored the meeting.	5	
4. Discuss demographic make-up of group members.	15	
5. What were the ground rules for the meeting?	15	
6. Describe the interactions that took place while the meeting was in session.	15	
7. Describe primary theme(s) that seemed to dominate group process. Were they directly / indirectly related to stated reasons for the group meeting?	15	
8. Describe the major functional problem area(s) of the group members. How does abuse affect their life?	15	
Points deducted for late submission		
Points deducted for errors in spelling, punctuation, or grammar.

Student _____

BEHAVIOR	Date	Date	Date	Date	Date	Date	Date	Date	Date	Date	COMMENT/EXAMPLE
1. Reports to clinical on time and/or notifies appropriate personnel of tardiness or absence.											
2. Reports information critical to client care in a timely manner.											
3. Seeks and requests learning experiences to enhance own learning, including using learning resources such as library, internet, nursing journal, etc.											
4. Completes weekly medication review using a variety of psychotropic medications.											
5. Demonstrates acceptance of own responsibility and accountability for nursing practice.											
6. *Maintains confidentiality in all client matters.											
7.*Functions Safely											
8. Demonstrates through appearance, verbal or written communication, and person to person interactions, a courteous, constructive and positive attitude											
9. Reviews client data and/or receives report on client to ensure proper care.											
10. Seeks out client and endeavors to establish a rapport											
11. Uses therapeutic communication when interacting with client..											
12. Helps support the therapeutic milieu by initiating and participating in social, recreational, and diversional activities.											
13. Indicates basic knowledge of client medications.											

14. Identifies emotions, behaviors and physiological signs and symptoms manifested by psychiatric clients.												
15. Identifies teaching needs of clients in relation to cultural, economic, and personal learning abilities.												
16. Assesses the behavioral dynamics of the individual client, i.e., defense mechanisms.												
17. Formulates appropriate nursing diagnoses for particular clients/families.												
18. Writes and/or discusses immediate and short-term client goals and measurable outcome criteria designed to reduce/alleviate client problems.												
19. Communicates outcomes of care and pertinent information verbally and in writing.												
20. Seeks & uses feedback from instructor/nursing staff.												
21. Written assignments are turned in on time.												
22. Maintain standard of performance under stress.												
23. Seeks clarification of assignment & role responsibility when in doubt.												

* Indicates the behavior is critical to performance and student must receive a satisfactory rating to pass the course.

INSTRUCTOR'S COMMENTS:

Your instructor will be looking for evidence of learning, growth and increased observational skills. You may be asked to redo sections of this worksheet to ensure you meet the learning objectives.

Evaluation (To be completed by instructor)	
Score:	<hr/> Instructor's signature Date _____

ABNORMAL INVOLUNTARY MOVEMENT SCALE (AIMS)

You are required to conduct one AIMS assessment on a patient who is taking an antipsychotic medication during the semester. Failure to perform and submit to your instructor at least one AIMS test during the semester will decrease your final Clinical Grade by 5 points. A Sample AIMS test with instructions may be obtained at the following web site:

<http://www.dr-bob.org/tips/aims.html>

(Place cursor over web site name hold down Ctrl key and left click mouse)

GERIATRIC DEPRESSION SCALE (Short Form) (Mandatory For Geriatric Clients)

Choose the Best Answer for How You Felt Over the Past Week

1. Are you basically satisfied with your life? yes/no
2. Have you dropped many of your activities and interests?..... yes/no
3. Do you feel that your life is empty? .. yes/no
4. Do you often get bored? yes/no

The following answers count one point;
scores > 5 indicates probable depression:

- | | | |
|--------|---------|---------|
| 1. NO | 6. YES | 11. NO |
| 2. YES | 7. NO | 12. YES |
| 3. YES | 8. YES | 13. NO |
| 4. YES | 9. YES | 14. YES |
| 5. NO | 10. YES | 15. YES |

SCANS
AREAS OF COMPETENCY FOR RNSG 2263

The following areas of competency will be determined in this course (RNSG 2263) by the following means:

ENHANCE BASIC SKILLS

28) Perform listening skills

This skill will be demonstrated by the student's ability to write a process recording of a therapeutic conversation. This skill requires the ability to listen to what the client is really saying regarding his feelings, and underlying dynamics of behaviors. Performance will be satisfactory if a passing grade on the process recording is achieved.

#29) Speaking Competence

This skill will be demonstrated by the student's ability to give a brief oral presentation in post-conference, consisting of a case study of a client. Performance will be satisfactory if the student is able to articulate the specified information.

DISPLAY APPROPRIATE PERSONAL QUALITIES

#40) Demonstrate appropriate self-esteem

This skill will be demonstrated by the student's ability to demonstrate professional conduct at all times. In so doing, the student will demonstrate belief in their own self-worth, maintaining a positive view of self, and demonstrating knowledge of own skills and abilities, as well as, being aware of this impact on others.

Performance will be satisfactory if the student is able to make a passing grade on their "clinical behaviors" performance each week.

#41) Demonstrate appropriate social skills

This skill will be demonstrated by the student's ability to participate in the therapeutic milieu in clinical. The student is expected to interact with clients, participating in planned social activities. Performance will be satisfactory if the student is able to make a passing grade on their "clinical behaviors" performance each week.

3. Unit: _____ # of days assigned to unit: _____ shift: _____

- 1 – 2 – 3 – 4 – 5 Unit operations appeared organized
- 1 – 2 – 3 – 4 – 5 Resources were readily available
- 1 – 2 – 3 – 4 – 5 The staff were good role models
- 1 – 2 – 3 – 4 – 5 The experience obtained was beneficial to my education
- 1 – 2 – 3 – 4 – 5 The health care team members answered my questions

4. Unit: _____ # of days assigned to unit: _____ shift: _____

- 1 – 2 – 3 – 4 – 5 Unit operations appeared organized
- 1 – 2 – 3 – 4 – 5 Resources were readily available
- 1 – 2 – 3 – 4 – 5 The staff were good role models
- 1 – 2 – 3 – 4 – 5 The experience obtained was beneficial to my education
- 1 – 2 – 3 – 4 – 5 The health care team members answered my questions

5. Unit: _____ # of days assigned to unit: _____ shift: _____

- 1 – 2 – 3 – 4 – 5 Unit operations appeared organized
- 1 – 2 – 3 – 4 – 5 Resources were readily available
- 1 – 2 – 3 – 4 – 5 The staff were good role models
- 1 – 2 – 3 – 4 – 5 The experience obtained was beneficial to my education
- 1 – 2 – 3 – 4 – 5 The health care team members answered my questions

Section IV:

1. Of the educational experiences encountered at this affiliate agency which did you find most helpful? Please explain.
 - a. _____
 - b. _____
2. Of the education experiences encountered at this affiliate agency which did you find least helpful? Please explain.
 - a. _____
 - b. _____

Section V:

1. Would you be interested in working at this institution? Any specific area?
 Yes: _____ No: _____ Please explain: _____
2. If you had to identify one or more nurse(s) at this facility who was most helpful to you who would it be?
 Name: _____ Unit: _____
 Name: _____ Unit: _____
3. Please comment on any other factors or suggestions that you believe we should be aware of:

**HOUSTON COMMUNITY COLLEGE SYSTEM
CLINICAL INSTRUCTOR'S EVALUATION
BY THE STUDENT**

Clinical Instructor's Name: _____ Date: _____

Scale: This evaluation is on a Likert Scale of 1 - 5 with 1 being the lowest score and 5 being the highest score.

	1	2	3	4	5
1. The instructor provides adequate and accurate information to students about clinical requirements.
