Thomas Dillon
Adjunct Faculty, Mathematics
Stafford Campus
713-718-7770
thomas.dillon@hccs.edu

Mr. Dillon is a full-time Electrical Engineer who works at [Johnson Space Center](#) in Clear Lake City, TX. He currently is employed by [Jacobs Engineering](#) as a Project Manager in the Engineering Directorate ([NASA](#)).

Tom graduated from [Carroll College](#) in Helena, MT with a BA in Mathematics (cum laude) having completed an honors thesis in Mathematical Physics. He then attended graduate school in Mathematics at [Montana State University](#) in Bozeman, MT. While at MSU he taught Trigonometry and Business Calculus. Next he moved to Houston and after a few years of working he returned to school. He enrolled in evening classes at the [University of Houston](#) - Main Campus and completed a Master of Electrical Engineering degree.

Dillon has been an adjunct at HCC since January 2004 and has taught many courses in the math department including the following: MATH 0306, 0308, 0312, 1314, 1316, 1324, 1325, 1342, 1350 and 2412. Check out what his students have to say about his teaching by visiting the website [www.ratemyprofessors.com](#) (Search for HCC - All Campuses and then Select Dillon).
