

Exam Instructions:

Be sure to show all steps, work and calculations to receive full credit for correct answers. Correct answers shown without showing ALL WORK and supporting work may receive little or no credit. Make sure your work is organized and clear and includes your name.

You must turn your worksheets showing ALL solution steps while the Webex session is live. No work will be accepted once you exit the class session or the class session ends. Your camera must be on and you must be visible at all times. You must work on this exam on your own.

You must upload all work and answers into the assignment titles" **Exam One Submission**" BEFORE leaving the live WebEx session. You may either scan your work sheets with your answers as PDF or take clear pictures of your worksheets and upload those. Please be sure to wait for confirmation that I have received your work before leaving the session.

.....

Using your phone as Webcam

Be sure that both your computer and phone are on the same wifi

APP NAME: Iriun

www.iriun.com

<https://www.youtube.com/watch?v=J7iXt9fLI2U>

You will need to download it to your computer and your phone, it's FREE.

iVCam turns your **iPhone**/iPad into an HD **webcam** for Windows PC.

<https://apps.apple.com/us/app/ivcam-webcam/id1164464478>

available in the apple store and google play

Creating a pdf file using your iPhone

On iPhone: go to "NOTES" / create note/ camera / scan Doc / keep scan / save / click taken scan and click (+) / repeat previous steps.

It will create a single pdf and it can be shared to a pc or mac
